

APV AIR SEEDERS

APV SEED BOX WITH AUTOMATIC SEED RATE CONTROLLER

The APV seed box now comes standard with two rollers. One designed for grass seed and another for small seeds such as rape and turnips. The small seeds kit is also standard that can be fitted into the bottom of the box when required. The seeder will then accurately sow the low rates required for Canola and Turnips.

STANDARD EQUIPMENT:

- Pneumatic seeder with centralized distributor
- Electric fan drive (B-DRILL 200E)
- Hydraulic fan drive (B-DRILL 500H)
- Counter plate, calibration bag, scale for seed
- Hopper agitator
- Dosing roller for large seeds
- Dosing roller for small seeds

Control Box 5.2
