

Assembly Guide

PETIT ROND SERIES | TABLE
Designed by Troels Grum-Schwensen

FRAMA

The Petit Rond Series is composed of lightweight, straightforward shapes that bring simplicity to any space. With a consistent ease of use, the pieces offer functionality in all settings.

PETIT ROND - TABLE

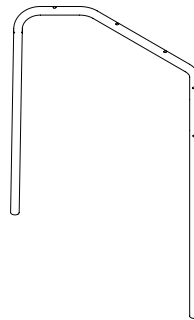

- PARTS -

(A) Table Top x1

(B) Crossbar x1

(C) Leg x2

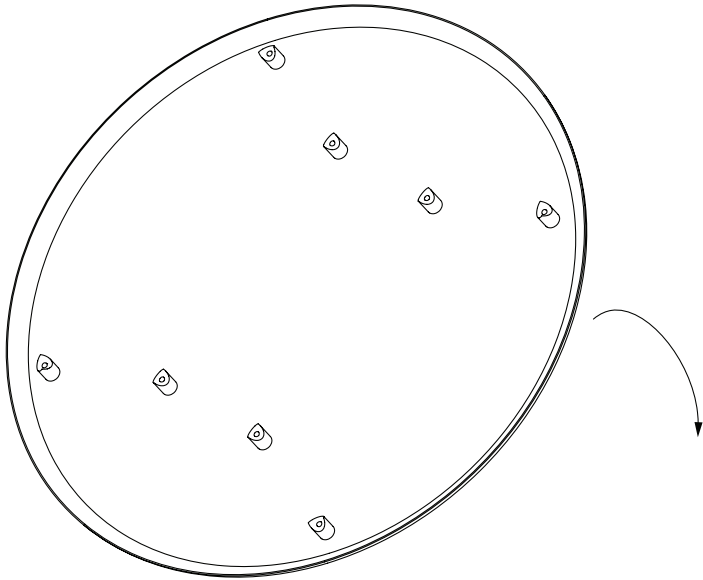

(D) Big Screw
x6 for Table S
x8 for Table L

(E) Small Screw x 4

1.

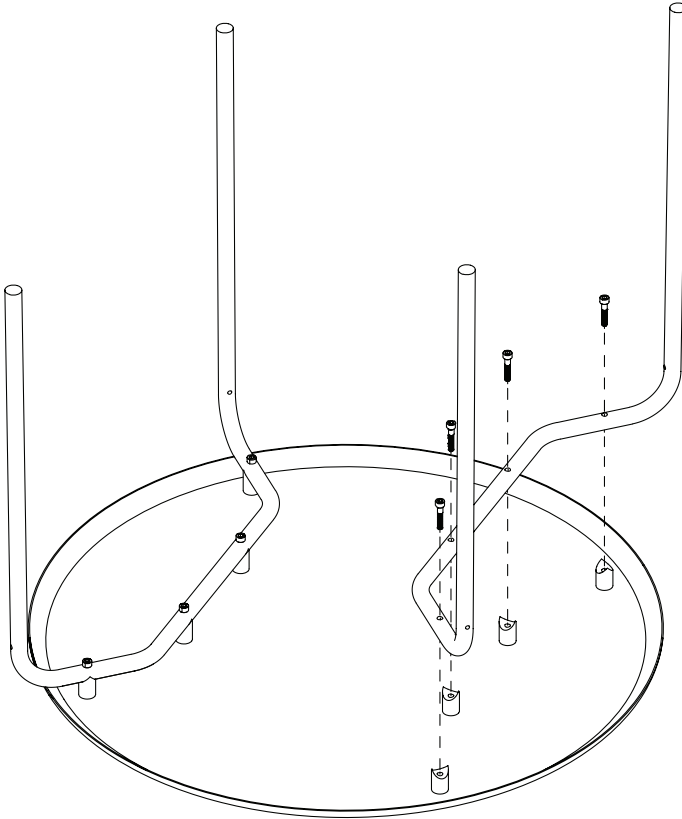

Start by placing the Tabletop (A) on the floor, on a soft surface to prevent scratches. Make sure the metal inserts are facing upward.

NOTE: The mounting process is the same for both table sizes.

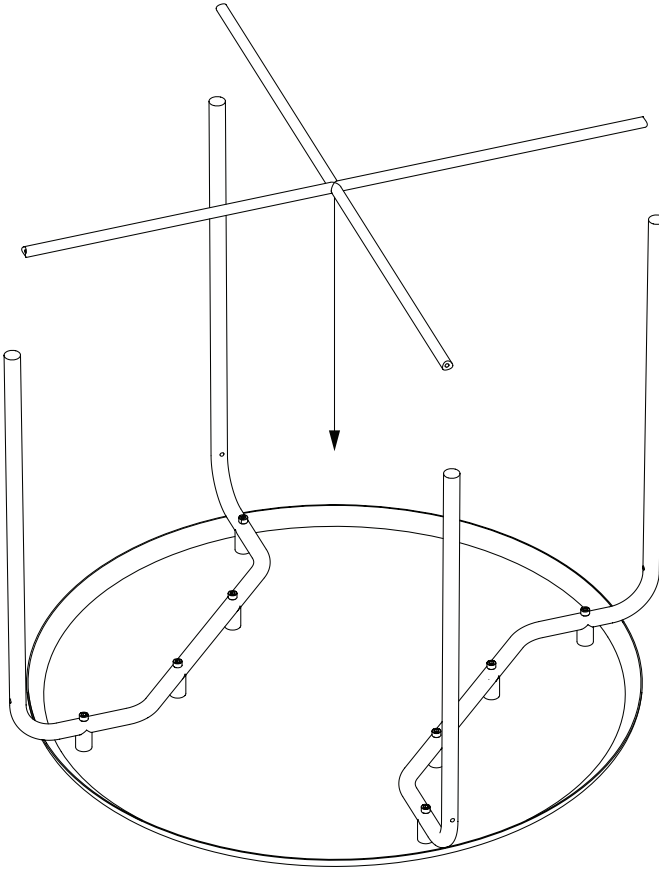

2.

Attach the Legs ③ to the Tabletop ① using the Big Screws ④. Do not tighten them completely yet. Repeat this step for both legs.

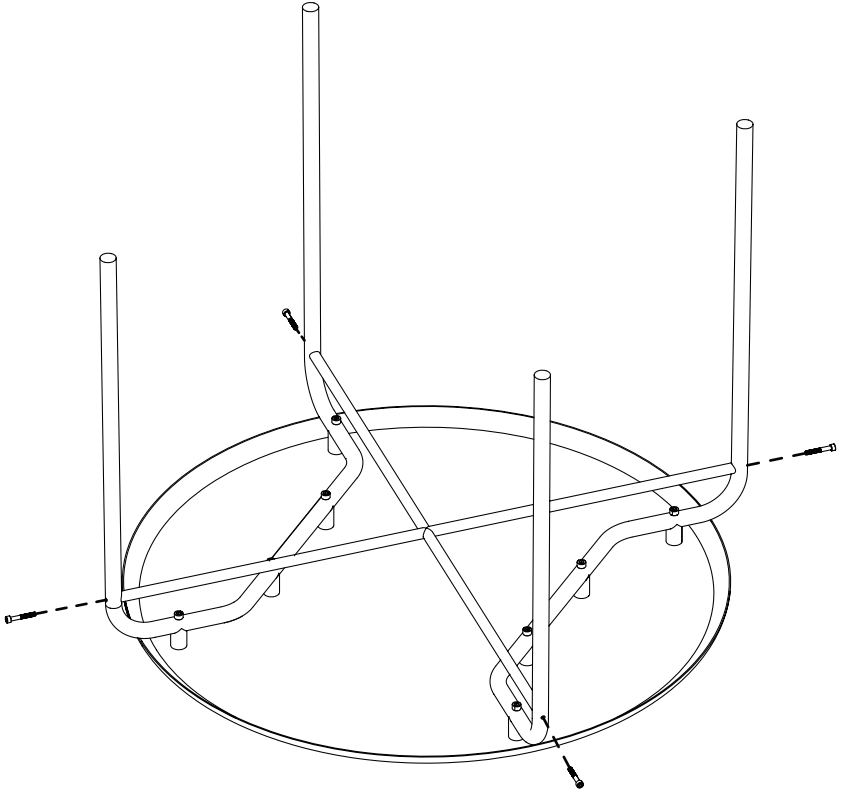

3.

Place the Crossbar (B) between the four Legs (C), making sure it is aligned with the four remaining holes on the legs.

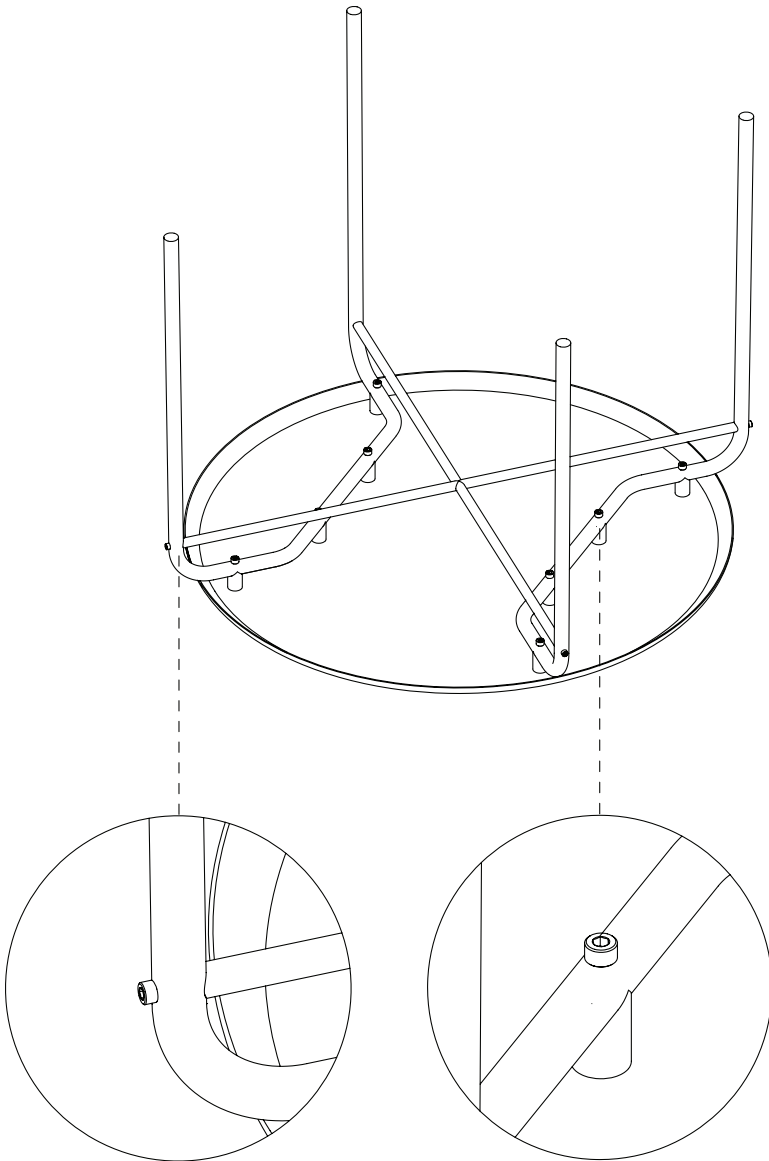

4.

Insert the four Small Screws (E) to attach the Crossbar (B) to the Legs (C). Do not fully tighten the screws until all of them are in place.

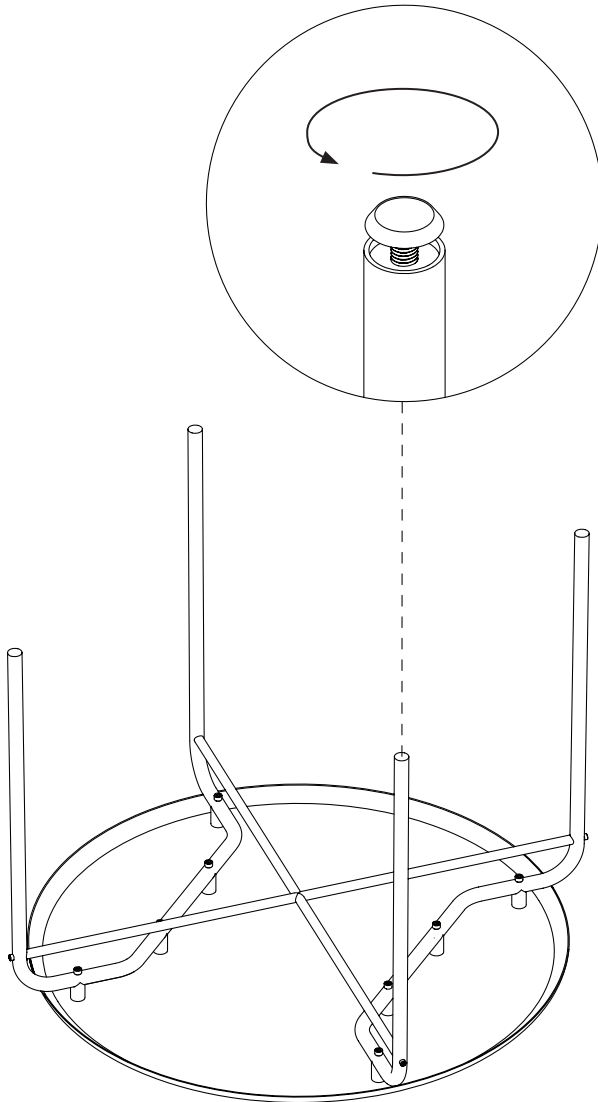

5.

Once all the screws are in place, you can now tighten them fully.

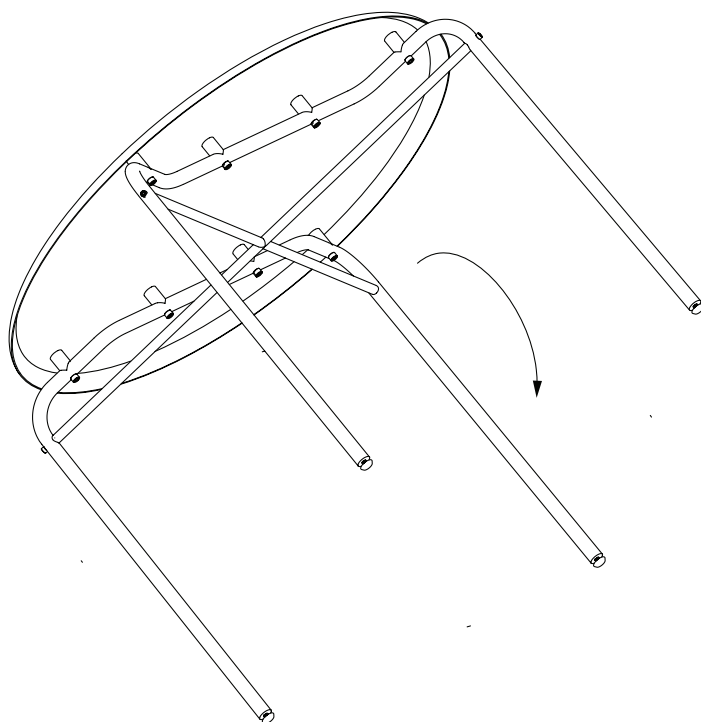

6.

Ensure the four glides at the bottom of the Legs ③ are adjusted to the proper height to keep the table stable on your floor. You can raise or lower them by tightening or loosening each glide.

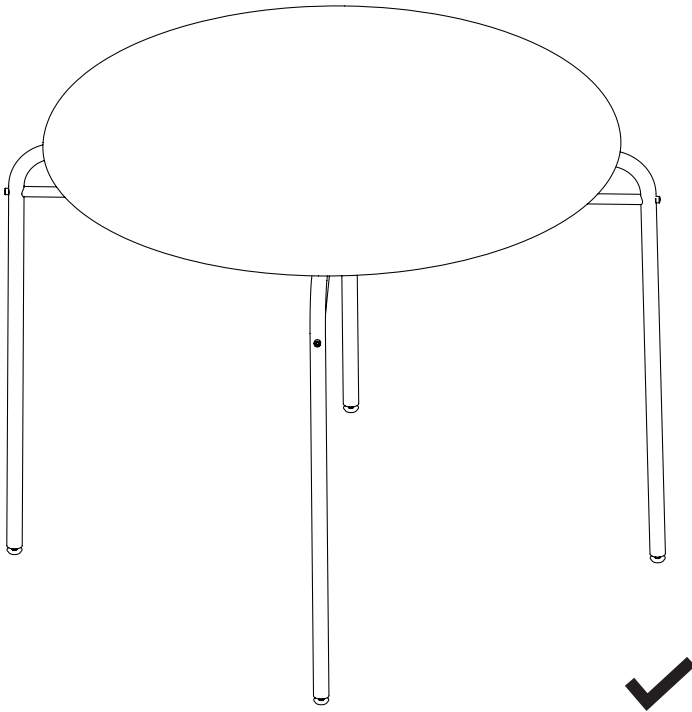

7.

Once all parts are connected, you can now turn the table upright.

8.

The Table is mounted.

- Care & Maintenance Guide -

In order to preserve your new FRAMA pieces for years to come, we've produced a guide on the materials we use and how to best care for them. Following these instructions will help to maintain the appearance and quality of your items after repeated use and cleaning.

For material care and maintenance instructions, scan the QR code using your mobile device.
