

Outline Soft Cushion

"With the Outline Soft Sofa Series, we wanted to create a visually light and elegant design with lots of comfort, translating aspects of modern architecture into the design through juxtaposing elements. Outline is created with slim proportions for a simple and elegant look, complemented by its generous seat and slender legs. There's a calm serenity about the Outline Soft Sofa Series, having a soft seat with clean lines and a strong architectural presence, brought forth by its overlapping forms that bring a refined touch to the expression of the design."

— Anderssen & Voll

Designed by	Anderssen & Voll
About the Designer	Anderssen & Voll are two-thirds of the former Norway Says and among the most prominent and successful Norwegian designers. They have formerly been named both Norwegian and Scandinavian Designers of the Year in Norway and have received international awards and recognition for their work with furniture, lighting, and home accessories.
Environment	Indoor
Country of Production	Lithuania
Description	The Outline Soft Cushion delivers an enveloping comfort through its generous filling of foam. The foam gives the cushion a soft, down-like feel. Its casual expression and relaxed proportions make it a natural complement to the Outline Soft Sofa.
Material	The cushion is made from polyester fiber filling and wadding, and is fully upholstered in textile, imitation leather, or leather. The leather is sourced from selected premium suppliers.
Cleaning & Care	General Maintenance: Cushions with loose filling should be shaken and gently patted after use to maintain shape and softness. Upholstery should be vacuumed regularly to remove dust and dirt, helping to prevent premature wear. The upholstery or low suction setting should be used in combination with a soft brush. The chair should be protected from direct sunlight and strong heat sources, as prolonged exposure may affect color and durability. Spilled liquids and stains should be attended to immediately to reduce the risk of permanent stains and marks. Upholstery Care: Textile: For stains, non-greasy marks should be gently dabbed with a lint-free cloth or sponge wrung out in clean, warm water. If needed, a mild solution of dish soap and water may be used, followed by clean water. For fabric-specific instructions, maintenance guidelines should be consulted directly from the textile supplier (e.g., Kvadrat.dk, Nevotex.dk, Maharam.com, or Gabriel.dk), as cleaning methods vary. Imitation Leather: Should be cleaned with lukewarm, pH-neutral soapy water using a soft cloth or soft brush. Solvents and general chemical cleaners should be avoided; alcohol-based cleaners may be used. The surface should be wiped with a damp cloth to finish. Leather: Leather is a natural material that develops character over time with regular care. Refine Leather, Easy Leather, and Endure Leather: Should be dusted regularly with a dry cloth. The leather should be treated at least four times a year using dedicated leather-care products. For further guidance, ca-mo.com can be consulted. Allure and Grace Leather: Should only be vacuumed with a soft brush. Soap and water should not be used, as they may remove the leather's velvety finish. Leather grease and chemical products—including saddle soap, general leather cleaners, and household agents—should be avoided.
Additional Information	All variants Please note

Outline Soft Cushion

All upholstered products, sold in the UK, contain flame retardant foam in order to fulfill the stringent flammability standards under the UK Furniture and Furnishings Fire Safety Regulations. The flame retardant used in the foam is melamine, CAS number: 108-78-1.
