D: 80 cm

Colli

1pcs

Weight

27 kg

Country of origin

Designed in Denmark, produced in Lithuania

Cleaning and maintenance

See our website for full care instructions

Lounge Chair combines an exposed oak frame with individual upholstered cushions on the seat, back and both sides.

The back and side cushions surround the seat without concealing the wooden construction. Each cushion is held in place by a simple fastening mechanism and can be removed individually.

The frame is made from FSC®-certified oak and oak veneer, finished with oil and wax. Upholstery is available in a selection of Kvadrat textiles or leather, with removable covers that can be replaced without replacing the complete cushion.
