LMErgoMix

**Gentle titanium for implants** *NEW!*

A great new instrument series for implant maintenance. Tips are made of sensitive but still effective titanium, which will not harm the abutments. The ErgoMix structure ensures excellent tactile sensitivity and optimal rigidity.

**LMErgoMix spares**

LMErgoMix

Stay sharp & go green  
with exchangeable tips

## Renowned LM ergonomics

### Take the green way to sharpness

The new hand instrument series LM-ErgoMix offers the dental team a specially economical, ecological and ergonomic alternative. You can forget sharpening, but still work always with the best cutting edge. When ever you feel a need for a tip replacement, simply open the lock grip, insert a new tip and close the lock grip. No extra tools needed! Special alloyed LM-DuraGradeMAX super steel guarantees long lasting sharpness.

### Lock grip – sealed and secure construction

Use LM-ErgoMix in the normal way, clean and sterilize it like any other instrument. The sealed construction guarantees high level of hygiene.

### Retipping offers many benefits:

- always sharp instruments
- saves time from sharpening
- minimizes waste
- enables personalized tip combinations
