FR: 1.800.211.1200  
curion.ca

Sometimes, less is more! Effectively access all areas with the least number of instruments – for each stage of periodontal involvement.

Decision Tree Kits offer simplified tray set-ups that maximize procedural efficiency and effectiveness. Each instrument kit in this series contains LM's winning combination of advanced sharpen-free tips\* and the industry's highest-rated ergonomic handles.

\*Exceptions include Diagnostic Instrument Kits and Furcator K/S

## FEATURES AND BENEFITS:

- 100% sharpen-free tips
  - Unparalleled edge retention & superior sharpness
  - More thorough calculus removal with less hand strain
  - More comfortable scaling for both patient and clinician
  - Improved productivity & clinical results
  - Excellent tactile sensitivity
  - Exceptional control even in wet environments
  - Reduced waste of sterilization pouches and chemical indicators\*
- \*IPAC: Clinicians may no longer sharpen chairside. Must sharpen sterile instruments and then re-sterilize prior to use.
