Sometimes, less is more! Effectively access all areas with the least number of instruments – for each stage of periodontal involvement.

Decision Tree Kits are focused tray set-ups designed to maximize procedural efficiency and effectiveness. Each instrument in this series combines LM's superior metallurgy and the industry's highest-rated ergonomic handles. Choose your best combination of carefully curated Decision Tree Kits to meet the specific needs of your patients.

FEATURES AND BENEFITS:

- Sharpen less frequently with DuraGradeMax stainless steel tip technology
- Superior edge retention & sharpness
- More comfortable scaling for both patient and clinician
- Improved productivity & clinical results
- Excellent tactile sensitivity
- Exceptional control even in wet environments
