

BONBON SHADE

Design by Ana Kraš

HAY

Bonbon Shade

Inspired by her drawings, Ana Kraš' woven Bonbon Shades are produced using an original technique to create textured, one-of-a-kind pieces. Every one is hand woven with cotton-wool yarn around a powder-coated steel frame, resulting in individual lampshades that vary slightly in their appearance and surface aesthetic. Sold with a choice between two different cord sets, Bonbon is available either as a table/floor lamp or as a pendant, but it stands on its own as a powerful decorative object even when the bulb is not switched on.

Ana Kraš

Ana created her first Bonbon Lamp as a student project back in 2009, and years later she designed different variants of Bonbon for HAY, using the same process and type of yarn.

Bonbon is a unique design that combines the craftsmanship and originality of handmade artwork with the quality of a functional object.

Ana Kraš uses carefully selected threads and palettes to create bold combinations of textures and colours.
