

MATERIAL SAFETY DATA SHEET (MSDS)
**ORGANIC TURMERIC GROUND STEAM
STERILIZED**

Section 1: Chemical Product and Company Identification

Product Name: ORGANIC TURMERIC GROUND STEAM STERILIZED
Catalog Codes:
CAS#:
Synonym: From the plant called *Curcuma longa*
Chemical Name: Not available.
Chemical Formula: Not available.

Contact Information:

Composition/information on ingredients

Obtained by grinding dried rhizome of *Curcuma longa* under controlled conditions.

Section 3: Hazards Identification

May cause irritation to skin in case of direct contact. Irritant to eyes. Keep out of the reach of children.

Section 4: First Aid Measures

Eye Contact:

Check for and remove any contact lenses. In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Get medical attention if required.

Skin Contact:

In case of contact, immediately flush skin with plenty of water. Remove contaminated clothing and shoes. Wash clothing before reuse. Thoroughly clean shoes before reuse. Get medical attention if required.

Serious Skin Contact:

Wash with a disinfectant soap and cover the contaminated skin with an anti-bacterial cream. Seek medical attention.

Inhalation:

If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get medical attention.

Ingestion:

If large quantities of this material are swallowed, call a physician immediately. Loosen tight clothing such as a collar, tie, belt or waistband.

Section 5: Fire and Explosion Data

NA

Extinguishing media: water spray, carbon dioxide, dry chemical powder or appropriate foam.

Special firefighting procedures: wear self contained breathing apparatus and protective clothing to prevent contact with skin and eyes.

Unusual fire and explosion hazards: NA.

Section 6: Accidental Release Measures

Small Spill: Absorb with an inert material and put the soiled material in an appropriate container.

[REDACTED]

Section 8: Exposure Controls/Personal Protection

Engineering Controls:

Ensure that eyewash stations and safety showers are proximal to the work-station location.

Personal Protection:

Splash goggles. Lab coat. Vapor respirator. Be sure to use an approved/certified respirator or equivalent. Gloves.

Personal Protection in Case of a Large Spill:

Splash goggles, full suit, boots, gloves, mask..

Exposure Limits: Not available.

Section 9: Physical and Chemical Properties

Physical state and appearance:

Odor: Pleasant and slightly sweet

Color: Deep yellowish orange

PH (1% soln/water): Not applicable.

Boiling Point: Not available.

Melting Point: Not available.

Critical Temperature: Not available.

Vapor Pressure: Not available.

Vapor Density: Not available.

Volatility: Not available.

Odor Threshold: Not available.

Water/Oil Dist. Coeff.: Not available.

Ionicity (in Water): Not available.

Dispersion Properties: Not available.

Section 10: Stability and Reactivity Data

Stability: The product is stable

under the following conditions:
- Stable under normal conditions of use.
- Stable in contact with air.
- Stable in contact with water.
- Stable in contact with most common materials of construction.

Conditions of Instability: Excessive heat, incompatible materials

Incompatibility with various substances: Reactive with oxidizing agents.

Corrosivity: Non-corrosive in contact with most materials of construction.

Section 11: Toxicological Information

Routes of Entry: Absorbed through skin. Eye contact. Inhalation.

Chronic Effects on Humans: Not available.

Special Remarks on other Toxic Effects on Humans:

Inhalation: May cause respiratory tract and mucous membrane irritation. Ingestion: May cause gastrointestinal tract irritation.

The toxicological properties of this substance have not been fully investigated. Chronic Potential Health Effects: Skin:
Prolonged or repeated skin contact may cause allergic reaction.

Section 12: Ecological Information

No ecological problems are to be expected when the product is handled and use with due care and attention

]

Section 13: Disposal Considerations

Waste Disposal: Waste must be disposed of in accordance with federal, state and local environmental control regulations.

Section 14: Transport Information

Section 15: Other Regulatory Information

European information

XI – irritant

S 02 – Keep out of the reach of children

S 26 – In case of contacts with eyes, rinse immediately with plenty of water and seek medical advice.

Other information

As part of good industrial and personal hygiene and safety procedure, avoid all unnecessary exposure to the chemical substance.

Other special considerations: Not available

The information above is believed to be accurate and represents the best information currently available to us, however we are not making any warranty to such information and we assume no liability resulting from its use. User should make their own investigation to determine the suitability of the information for their particular purpose.
