

PERSEUS LED WELL GLASS

30W/35W/40W

**3G
VIBRATION
COMPLIANCE**

Perseus LED well glass lighting fixture is robust, energy-efficient lighting solution designed for industrial and outdoor environments like cement industries, conveyor belts, jute industries, warehouses, factories & power plants where durability & reliability are crucial.

Perseus typically feature LED technology, providing bright illumination while consuming less energy compared to traditional lighting options. Perseus offer long lifespan, low maintenance requirement, superior illumination & distribution and customizable options, thereby making industries a safer place to work.

MAIN FEATURES

- High Power SMD LEDs for Longer Lifespan
- 3G Vibration Compliance Product
- Suitable for Dusty, Humid, or Wet Environments such as Factories, Warehouses, and Outdoor Installations
- Separate Driver and Optical Compartment for Easy Access and Maintenance
- High Quality UV Protected PC Cover for Superior and Uniform Light Distribution

APPLICATIONS

Power Plants

Industrial Shed

Cement Plant

Steel Plant

Conforms to
Bis Standards.

PROCESS OF MANUFACTURING IS
ISO 9001 COMPLAINT.

Only for structural/mounting design consideration. **Rated system wattage & current will have tolerance of plus minus 10%
As efforts are on constantly to improve the design & methods of manufacture of the product, the supplied may differ in detail from the date given here
