L: 165 cm	L: 225 cm

Weight

160 cm	220 cm
29,3 kg	32,6 kg

Country of origin

Designed in Denmark, produced in Poland

Cleaning and maintenance

Clean with a damp cloth using a mild detergent if needed. Do not leave the table wet or soaked for longer periods of time and always remember to dry it off after cleaning. Light strains may be removed by gently rubbing in the direction of the grain with 400 grit (very fine) sandpaper and re-oiling afterwards.

KUMU Dining Table is a solid wood table built around a connection expressed through visible stainless steel pins.

Available in 160 cm and 220 cm lengths, it offers two scales for different spaces and seating needs. The table is made from FSC® 100% certified solid oak.

The pins pass through the wooden leg frames, with bolts screwing into them within the wood. Tightening these connections draws the tabletop and supporting frame together into a single rigid structure.
