

DRYING WAND

We've reimagined the professional hair dryer to bring you the new generation in drying.

Introducing the BaBylissPRO Drying Wand with its revolutionary design engineered as an effortless extension of you, for easy handling and manoeuvrability while maintaining powerful air flow and precision control.

BaBylissPRO[®]

POWERED BY PROFESSIONALS

PATENTED AIR FLOW TECHNOLOGY FOR FAST DRYING

Powerful 1600W professional dryer with a long-life, quiet, high-speed digital motor

- [Air speed: 181 km/h]
- [Air flow: 56.3 m³/h]
- [Air pressure: 1709 Pa]

Patented air guides and outlet designed to optimise air flow efficiency

PRECISION STYLING PERFORMANCE

High density optimised air flow with greater range of settings for super fast drying and controlled styling. Precise and fast air flow for concentrated, streamlined styling control and enhanced professional experience

FRIZZ CONTROL AND SHINE

Advanced dual-ionic system combining positive and negative ions to eliminate frizz and fly-aways for a smooth, shiny finish

CONTROLLABLE HEAT FOR ALL HAIR TYPES

Precise heat and speed control with 3 speed and 3 temperature settings for perfect results on every hair type

- 3 speed settings
[50,000 | 75,000 | 95,000 RPM]
- 3 temperature settings
[79°C | 95°C | 114°C]

Optimally programmed for fast drying without extreme heat

Lockable cold air button to add shine and set the style and smart last-setting memory function for effortless ease

TESTED FOR PROFESSIONALS

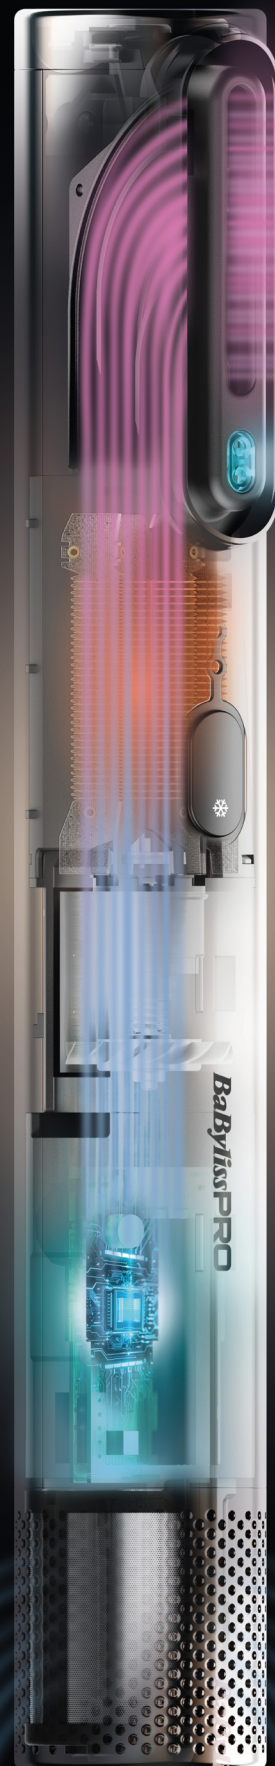

Built to withstand real working conditions, BaBylissPRO exceeds test standards

Long-life high-speed digital motor
[up to 5000 hours of life]

2.8m swivel power cord for ease of movement

BaBylissPRO

POWERED BY PROFESSIONALS

ADVANCED CERAMIC DIFFUSER

Advanced air diffusion dries and styles wavy, coily, or curly hair without frizz

Inner metal plate for enhanced heat and air distribution. 150mm diameter boosts efficiency on longer hair lengths

Optimal performance with speed I and temperature I or II

ULTRA-THIN CONCENTRATOR NOZZLE

[4 x 73mm] Nozzle delivers precise, even air flow across the hair section

STRAIGHTENING PIK

13 teeth evenly distribute hair to lift, stretch and smooth

Precision ceramic plates ensure perfect tension from the root for a smooth, relaxed blow-out

Ceramic coating preserves hair integrity

COMPLETE STYLING SOLUTION

Secure-fit attachments with easy release button

Ergonomic button design for easy and comfortable use, even with long nails

STORAGE STAND

Purpose-built stand to store the Drying Wand and 3 attachments [included]

MAINTAINING EXCELLENCE

Removable magnetic filter with washable mesh insert for easy cleaning

A filter cleaning reminder helps maintain the filter in proper condition

PERFECT BALANCE

Ergonomic wand-shaped design, engineered as an effortless extension of the arm for greater control and balance. Tapered sides to fit comfortably in any hand

Lightweight [400g] for easy handling and manoeuvrability, minimising strain even in prolonged use
