

NOCTIS SKIPPER WIRELESS WALL LIGHT

Tom Raffield

Product Specification

Undulating loops of timber navigate over and around. Where pared back design meets our signature curves, the Skipper Lighting Range leads the charge.

The Noctis Skipper Wireless Wall Light merges Scandinavian design principles with our signature curved aesthetic. Crafted from beautifully ebonised, sustainably sourced poplar, this achromatic wooden wall lamp features a hand-shaped open structure that radiates light upward and outward, creating a captivating interplay of brightness and shadow. This truly timeless design is perfect for bedrooms, hallways and living spaces, without the need for hard-wiring.

Achieve impact with a lighter touch. Embrace simplicity. Make a statement in your space.
