

# Cove Skipper Small Wall Light

Undulating loops of timber navigate over and around. Where pared back design meets our signature curves, the Skipper Lighting Range leads the charge.

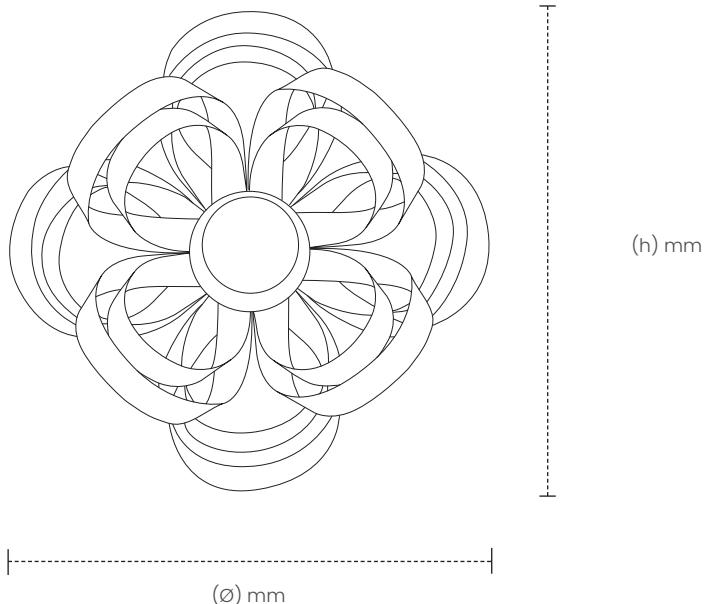

Scandinavian design principles and our sought-after aesthetic, merged. A unique wall light design that celebrates natural materials and handcrafted skill, the Cove Skipper Wall Light is created from sixteen individual, sustainably sourced beech wood petals, available in a beautiful colour palette that echoes the tranquil hues of Cornwall's hidden coves. Designed to produce golden light and eye-catching shadow effects in equal measure.

Dive into coastal colour, reinvigorate your space.

## DISCLAIMER

Due to the character of handcrafted natural products, all dimensions are approximate. Wood colour may slightly vary. All product details are correct at time of print and are subject to change without notice.
