Packaging dimensions
H: 10 cm
W: 62 cm
D: 33 cm

Colli
3 pcs

Weight
6,2 kg

Country of origin
Designed in Denmark, produced in Lithuania

Cleaning and maintenance
Any spills must be removed immediately using a cloth. Dust can be removed with a damp cloth. Light stains may be removed by gently rubbing in the direction of the grain with 400 grit (very fine) sandpaper and re-oiling afterwards.

Storage Box is available in four sizes, each designed to work alone or as part of a larger arrangement.

Use a single box for books, records, toys, blankets and other everyday objects, or combine several to create the storage you need. Each box can be laid flat or stood upright, with lids available for all sizes and optional wheels for the Standard box.

Oak veneer panels are held together by two square metal frames, which also serve as handles. All four sizes are proportioned to stack and combine with one another. Ready-made Storage Towers offer complete arrangements built from the same boxes.
