Urchin X-Small Pendant

Urchin Globe Pendant

Urchin Oval Pendant

Warm light gathers between strips of wood. Flexed to the brink then fixed into an organic sphere inspired by sand combed shells, our Urchin Lighting Range brings atmosphere in abundance.

32 taut curves fused together with laser cut birch plates are carefully manipulated to conceal the bulb. Sustainable ash, oak or walnut sees light escape through the seams of this wooden lampshade, creating pools of brightness in the dark. Adding comforting form to scandi inspired bedrooms and living spaces, this Urchin X-Small Pendant enhances calm with the flick of a switch.

Soften your space. Create clusters. Draw the eye.
