Kompas Pendant Small

Kompas Pendant

Taking inspiration from wildlife found in Cornish waters, our Kompas Pendant joins our bestselling Urchin Lighting Range - bringing simple yet beautifully considered design to your home.

With a distinctive radial pattern veiling the bulb within, 36 interlocking curves of wood are bound together by laser cut birch frames, allowing a soft glow of light to emit through each seam, scattering slices of light across the room. With a choice of sustainably sourced ash, oak or walnut, this striking wooden lampshade rests beautifully in dining or living spaces, creating a serene and sculptural focal point.

Soften your space. Shape the mood. Enjoy the calm.
