

Embracing nature’s design, our Morna Pendant takes inspiration from looping, arched shapes of blooming wild flowers found along the south west coast path at Lamorna Cove.

Handcrafted from 32 lengths of curving sustainably sourced wood, the panels are intricately woven to ensure a soft glow is emitted from the bulb within. Creating a statement, the spherical wooden lampshade hangs beautifully above a dining table or as a welcoming radiance in your hallway.

Follow the curve, light with purpose.
