

Wake Wall Light

Born in the barrel of a waking wave, the Comber Lighting Range is shaped by the reverberating tides that lap the Cornish coastline. Inspired by the power and grace of the Atlantic Ocean, our newest collection ebbs, flows and rolls into your home, bringing with it the motion of seasonal Cornish swells.

Inspired by the flowing, swirling shapes of the ocean, the Wake Wall Light will bring drama to your walls. Two layers of sustainably sourced oak or walnut are woven together, overlapping to conceal the flush, integrated LED light source beneath the surface. Providing an ambient glow, this wooden wall fixture is ideal for small spaces seeking a stylish, designer aesthetic.

Soft, fluid, serene; in every wake a new journey begins.

DISCLAIMER

Due to the character of handcrafted natural products, all dimensions are approximate. Wood colour may slightly vary. All product details are correct at time of print and are subject to change without notice.
