

# Noctis Skipper Flush Ceiling Light

---

Undulating loops of timber navigate over and around. Where pared back design meets our signature curves, the Skipper Lighting Range leads the charge.

The Noctis Skipper Flush Ceiling Light merges Scandinavian design principles with our signature curved aesthetic. Crafted from beautifully ebonised, sustainably sourced poplar, this achromatic wooden lampshade features a hand-shaped open structure that radiates light upward and outward, creating a captivating interplay of brightness and shadow. This truly timeless design suits many spaces, perfect for striking dining areas, compact hallways and bold bedrooms.

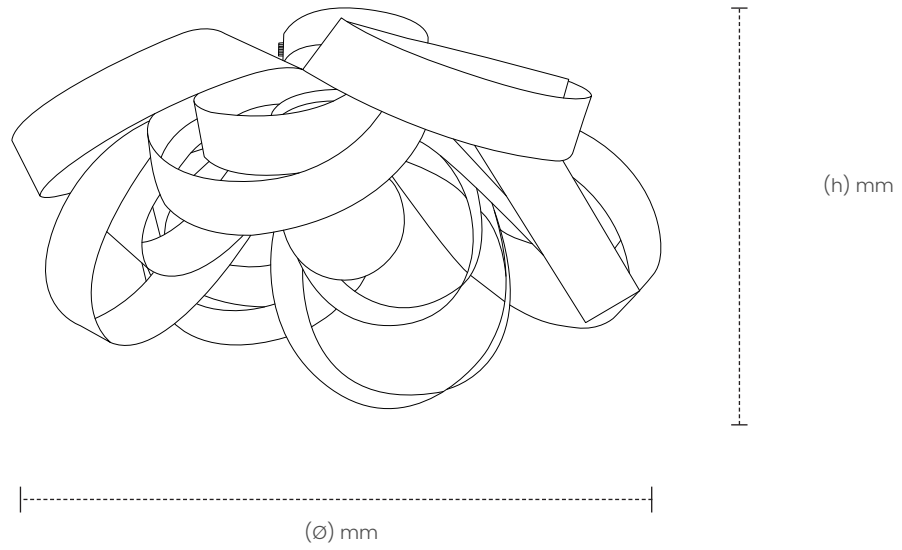

Achieve impact with a lighter touch. Embrace simplicity. Make a statement in your space.
