

55-5123

Lightweight cut resistant full nitrile dip with textured palm coated glove

The 55-5123 is one of the thinnest, lightest ANSI cut level A5 gloves on the market. The fine 15 gauge has a form fitting, ergonomic shape making the glove feel incredibly light and comfortable.

A lightweight cut resistant full nitrile dip with textured palm coating provides good grip in both dry and oily environments, while retaining a high degree of tactility and touch sensitivity.

The 55-5123 is ideal for small assembly and handling of small parts.

The glove is also antistatic and touch screen compatible.

Product Specifications

Product Name	TTP
Product Codes	55-5123 55-5123-LFP1 (USA Mod)
Sizes	6 (XS) – 13(4XL)
Glove Base	Tilsatec – RhinoYarn®
Construction	Seamless Knit
