iP interplay®

instructions

WARNING!

For Ages 8 years +

Not suitable for children under 3 years of age due to small parts which may represent a choking hazard and long cords which may represent a strangulation hazard. Handle jewellery fittings with care, as they may have sharp points.

Read the instructions before use, follow them and keep them for reference. Handle jewellery fittings with care, as they may have sharp points.

Note: To complete the projects you will need a pair of scissors (not included in this kit)

Contents

- 4 x Plastic Loops
- 2 x Decorative Metal Loops
- 2.4m x Faux Suede Cord (Green and Purple)
- 12m x Chinese Knotting Cord (Blue and Pink)
- 2m x Silver Thread
- 6 x Clamshell Clasps (to use with feathers)
- 2 x Spotty Feathers
- 4 x Goose Feathers
- 6 x Jump Rings
- 2 x Ear Hooks
- 10 x Dyed Howlite Gemstones (Blue and Pink)
- 8 x Silver Beads
- 3 x Metal Feather Charms

Project 1:

Necklace

For this project you will need:

• 1 x Plastic Loop
• 1 Length of Faux Suede Cord
• 20cm Pink Thread
• 40cm Silver Thread
• A Selection of Beads

1. Take 1 length of the faux suede cord. For this project we have used purple. Cut the cord in half so you have two equal lengths of 60cm.

2. Starting at the bottom of the loop, leave 6cm of cord then wrap the cord around the loop.

www.interplayuk.com
interplay®

3. Once the whole loop has been wrapped in cord, tie the two ends of cord together at the bottom of the loop. Trim the cord ends so that one end is 4cm and the other 6cm long.

4. Cut 40cm of silver thread and knot it onto the loop near the top.

**5.** Loop the silver thread in and out to create a 'web' effect by weaving the thread in and out around the loop.
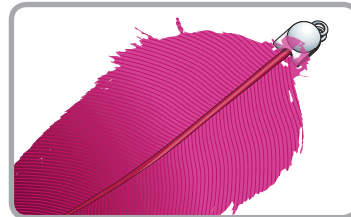

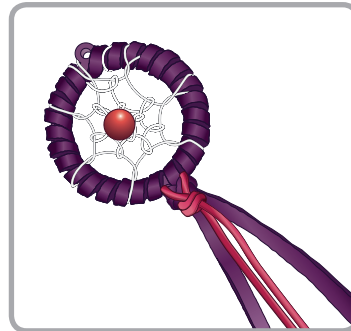

myStyle CRAFT
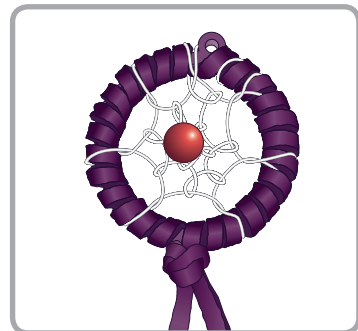

6. When you reach the centre, thread a bead onto the silver thread.

7. Finish off the design by weaving the silver thread to the edge of the loop and tying a knot. Trim off any excess.

8. Cut 20cm of pink cord. (this is the thin cord in the kit) Knot the cord at the bottom of the loop around the purple cord. Create this knot on the back of your pendant.

9. Add a clamshell clasp to the feather by threading the feathers stem up inside the clamshell clasp and pinching it to close.

10. Thread the feather onto the pink cord and tie a knot above. You can also add extra beads to each length of cord to make fun dangles.

11. Add a feather and beads to the other pink cord to make a second dangle.

To wear your necklace thread a 60cm length of faux suede cord through the top loop of the pendant and knot.

Top Tip:
Cut the cord on an angle to make it easier to thread through the beads and loops.
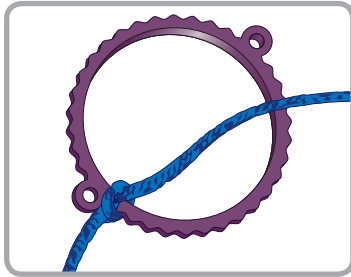

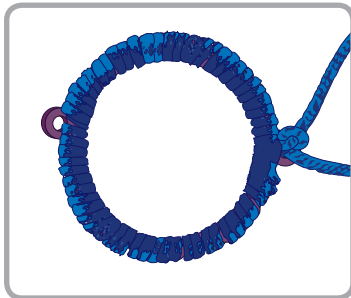

Your necklace is now complete.

interplay®

Project 2:
Bracelet

**1.** Cut 80cm of blue cord. Knot the cord onto the loop.

2. Wrap the cord all the way around the loop. Knot to finish. Trim off any excess cord.

3. Cut 40cm of silver thread, then create a 'web' in the centre of the loop as you did in Project 1. Knot to finish.

4. Now cut two lengths of blue cord. 1 x 35cm, 1 x 70cm.

5. Take the 70cm length of cord and thread it through the small link at one end of the loop. Double over creating two lengths.

6. Hold the 35cm length of cord together with the other two lengths and knot all three lengths together.

7. Add a bead to one of the cords, then knot all cords together after the bead.

8. Plait the three cord for 8-10cm. Knot to finish and trim off any excess cord.

9. Repeat steps 5 - 9 on the other end of the loop to complete your bracelet.

Variation:
There are enough materials in the kit to make two bracelets - make one for yourself and one for a friend!

Add a metal charm to personalise your design! Or weave the web in coloured cord to customise your design.
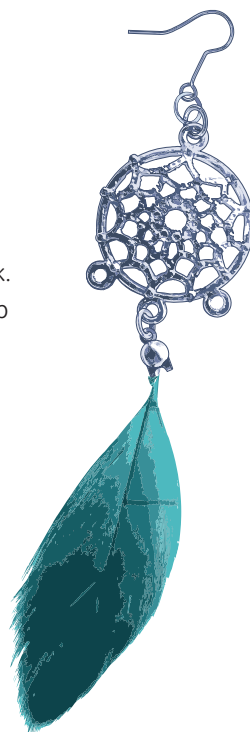

Project 3:
Earrings

1. Attach an ear hook to each metal loop using two jump rings.

2. To open and close a jump ring hold tightly in your fingers, push one end forward and one end back. Once open, link in your metal loop and twist to close.

**3.** Use a second jump ring to attach the ear hook.

Twist to open Jump ring

www.interplayuk.com
interplay ®

4. Attach clamshell clasps to both feathers as you did in Project 1, then using a jump ring attach one feather to the middle link of each metal loop.

5. Cut 4 x 20cm lengths of coloured cord. Thread the cord through the outside links at the bottom of each metal loop and double knot.

6. Now cut 2 x 20cm lengths of silver thread. Thread the silver thread through the middle link on each metal loop and knot.

7. Using the same technique as in Project 1, add beads and charms to the dangly cords to finish your earrings.

Project 4:

Cord Necklace

1. Cut 1m of pink cord.

2. Knot the pink cord to the bottom of the loop 10cm from one end of the cord. Wrap the long length of cord around the loop.

interplay®

3. When you have wrapped the whole loop with cord, double knot the cord together at the bottom of the loop.

Leave the tails of the cords hanging for now as you will use them later to add feathers.

4. Cut 40cm of pink (or silver) cord and weave a web in the centre of the loop as you did in other projects.

5. Take two feathers and add clamshell clasps to each.

6. Add the feathers to each of the hanging blue cords. Trim off any excess.

7. To finish your necklace, cut 60cm of blue cord, thread the cord through the top link of the loop and double knot.

8. To secure the necklace around your neck, tie the cord into a bow.

myStyle®
CRAFT

Top Tip:
You can add a bead or two for a 'pop' of colour.
