 cesses, the K 1050 series offer
 e compactness and elegance
 cial user looking for both premi-
 ney.

PARTNER OF SPECIALIST DEALERS!

Kränzle products are exclusively available in specialist shops
 only. With clear commitment and focus in offering high qua-
 lity products it is important that the level of support provided
 by your supplier is also of high standards. Authorised Kränzle
 specialist dealers offer knowledgeable and helpful guidance
 through every step of your purchase and help is available
 after that, with fully trained service engineers and after-care
 support provided by your specialist supplier.

**As a result, users profit from top quality Made in Germany,
 confident cleaning power and particularly long service life.**

Our own research and development team is both the core and the motor of the Kränzle inno-
 vation strategy. Our experienced staff is constantly working on new solutions designed to offer
 users all over the world significant advantages in cleaning performance, safety and handling.

If you opt for the Kränzle brand, you will always receive sophisticated high-pressure cleaners
 with technical benefits that impress all around.

Many of these technical details are innovations originating from the Kränzle development and
 production facilities in Illertissen/Bavaria, Germany.

HIGH-QUALITY BRASS PUMPS

The pump head is formed of forged
 exceptionally long life with other
 corrosive properties. Ceramic coats
 provide a permanent strong and s
 friction and have favourable therm
 Additional features such as water
 and total-stop system provide ene
 with long lasting usability.

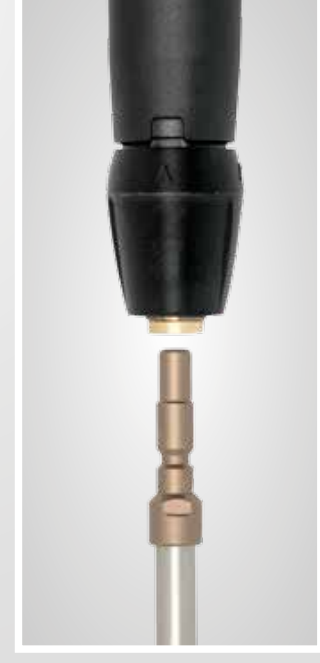

DURABLE HIGH PERFORMANCE

Kränzle only uses durable induction
 performance and extending the li

SMART RAPID CHANGE SYSTEM

The intelligent quick-change conn
 hardened stainless steel provides
 safe connection of the trigger gun
 lance.

AREA OF APPLICATION

The K 1050 P is particularly designed for private use around the house and garden.
