

Kränzle Product Range 2017

K 1050 SERIES

INCLUDING ACCESSORIES

Perfect cleanliness with K 1050 series
BRIGHTEN UP YOUR HOME!

PROFESSIONAL QUALITY AT AN ATTRACTIVE PRICE.

K 1050 series high-pressure cleaners from Kränzle offer professional quality for many cleaning tasks around your home and garden at a compelling price.

Owing to innovative design, technical development and advanced manufacturing processes, the K 1050 series offer unparalleled quality with the compactness and elegance desired by the non-commercial user looking for both premium quality and value for money.

From the portable K 1050 P version to the mobile K 1050 TST version with integrated hose drum, these machines offer you everything you would expect of a top quality product.

PARTNER OF SPECIALIST DEALERS!

Kränzle products are exclusively available in specialist shops only. With clear commitment and focus in offering high quality products it is important that the level of support provided by your supplier is also of high standards. Authorised Kränzle specialist dealers offer knowledgeable and helpful guidance through every step of your purchase and help is available after that, with fully trained service engineers and after-care support provided by your specialist supplier.

As a result, users profit from top quality Made in Germany, confident cleaning power and particularly long service life.

Innovations all along the line
THAT'S WHAT MAKES QUALITY!

Our own research and development team is both the core and the motor of the Kränzle innovation strategy. Our experienced staff is constantly working on new solutions designed to offer users all over the world significant advantages in cleaning performance, safety and handling.

If you opt for the Kränzle brand, you will always receive sophisticated high-pressure cleaners with technical benefits that impress all around.

Many of these technical details are innovations originating from the Kränzle development and production facilities in Illertissen/Bavaria, Germany.

HIGH-QUALITY BRASS PUMP HEAD

The pump head is formed of forged special brass offering exceptionally long life with other benefits such as its non-corrosive properties. Ceramic coated stainless-steel plungers provide a permanent strong and smooth surface reducing friction and have favourable thermal conductivity properties. Additional features such as water leakage feedback system and total-stop system provide energy efficient savings along with long lasting usability.

DURABLE HIGH PERFORMANCE MOTOR

Kränzle only uses durable induction motors ensuring higher performance and extending the life of your pressure cleaner.

SMART RAPID CHANGE SYSTEM

The intelligent quick-change connector system made from hardened stainless steel provides for an easy and absolutely safe connection of the trigger gun with safety catch with the lance.

Portable and compact

K 1050 P

TECHNICAL BENEFITS

1. HIGH-QUALITY BRASS PUMP HEAD

With leakage feedback system and total-stop system.

2. ADVANCED ARRANGEMENT SYSTEM

Convenient holders for stowing trigger gun with safety catch and lances.

3. PORTABLE AND HANDY

The space-saving and compact design takes up little room and the ergonomically shaped carrying handle serves for winding up the power supply cable.

AREA OF APPLICATION

The K 1050 P is particularly designed for private use around the house and garden.

FEATURES & EQUIPMENT

	Ord. no.
■ High pressure hose NW 6, length 8 m	41.054 1
■ Trigger gun with safety catch M2000 with quick-change connector system	12.475
■ Jet lance with stainless steel pipe with quick-change connector system	12.900-03
■ Water inlet sieve with visible filter	13.311

Technical specifications

Technical specifications	K 1050 P
Model	portable
Ord. no.	49.501
EAN Code	40 12314 12001 1
Operating pressure	130 bar / 13 MPa / 1880 PSI
Max. admissible overpressure	160 bar / 16 MPa / 2320 PSI
Water output	7,5 l/min (450 l/h)
Motor speed	2.800 rpm
Connected load	230 V ~/50 Hz
Power intake / Power output	2,2 kW / 1,65 kW
Weight	19 kg

With comfortable hose holder

K 1050 TS

TECHNICAL BENEFITS

1. HIGH-QUALITY BRASS PUMP HEAD

With leakage feedback system and total-stop system.

2. ADVANCED ARRANGEMENT SYSTEM

Space-saving arrangement system for stowing trigger gun with safety catch and lances

3. CONVENIENT AND PRACTICAL

Convenient holder for winding up the high-pressure hose. Integrated trolley takes steps and rough ground in its stride.

AREA OF APPLICATION

The K 1050 TS is particularly designed for private use around the house and garden.

Technical specifications

K 1050 TS

Technical specifications	K 1050 TS
Model	incl hose storage
Ord. no.	49.505 1
EAN Code	40 12314 12010 3
Operating pressure	130 bar / 13 MPa / 1880 PSI
Max. admissible overpressure	160 bar / 16 MPa / 2320 PSI
Water output	7,5 l/min (450 l/h)
Motor speed	2.800 rpm
Connected load	230 V ~/50 Hz
Power intake / Power output	2,2 kW / 1,65 kW
Weight	21 kg

With integrated hose drum

K 1050 TST

TECHNICAL BENEFITS

1. HIGH-QUALITY BRASS PUMP HEAD

With leakage feedback system and total-stop system.

2. ADVANCED ARRANGEMENT SYSTEM

Space-saving arrangement system for stowing trigger gun with safety catch and lances

3. INTEGRATED HOSE DRUM

Practical hose drum with foldable crank and steel braided high-pressure hose

AREA OF APPLICATION

The K 1050 TST is particularly designed for private use around the house and garden.

FEATURES & EQUIPMENT

Features & Equipment	Ord. no.
■ High pressure hose NW 6, length 12 m	49.116
■ Trigger gun with safety catch M2000 with quick-change connector system	12.475
■ Dirtkiller lance with stainless steel pipe with quick-change connector system	42.403-03
■ Jet lance with stainless steel pipe with quick-change connector system	12.900-03
■ Water inlet sieve with visible filter	13.311

Versatile combinations

LIGHT LINE ACCESSORIES

Tackle any cleaning task no matter how challenging it may be. Whether leafy guttering, mossy driveways or a dirty car needs freshening up, we provide the perfect solution for any demand.

With the Kränzle Light Line accessory range you can achieve more! With impressive results for an extensive number of applications and the time saved using the right accessory cleaning 'jobs' once put off, often become almost a hobby.

The Light Line accessory range is designed for non-commercial use and simplifies accumulating cleaning work.

DIRTKILLER LANCE LIGHT

- Nozzle system 03 Ultra powerful spinning jet for cleaning stubborn dirt surfaces.
- Length 400 mm

Ord. no.	EAN Code
42.403-03	40 12314 03180 5

LANCE EXTENSION LIGHT

- Length 400 mm Ideal for areas difficult to access at high facades.

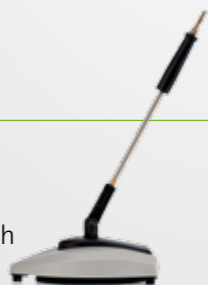

Ord. no.	EAN Code
12.870	40 12314 01165 4

ROUND CLEANER UFO LIGHT

- Ø 260 mm
- Stainless steel extension

For efficient cleaning of larger surfaces such as driveways and terraces.

Nozzle system	l/min	bar/ MPa	max. °C
03	10 l/min	160 bar / 16 MPa	40 °C

Ord. no.	EAN Code
41.870	40 12314 01267 5

WASHING BRUSH LIGHT

- Rotating brush head, Ø 180 mm
- Stainless steel extension, 210 mm

For gentle cleaning of glass, wood, plastics and varnish.

	l/min	bar/ MPa	max. °C
	15 l/min	20 bar / 2.0 MPa	35 °C

Ord. no.	EAN Code
12.800	40 12314 01215 6

FOAM INJECTOR LIGHT

- Container, 1 litre

Creation and distribution of efficient foam.

Nozzle system	bar/ MPa	max. °C
03	250 bar / 25 MPa	60 °C

Ord. no.	EAN Code
13.530 1	40 12314 01791 5

PIPE CLEANING HOSE LIGHT

- Length 10 m

For areas difficult to access such as outflows and gutters.

Nozzle system	l/min	bar/ MPa	max. °C
03	10 l/min	160 bar / 16 MPa	40 °C

Ord. no.	EAN Code
12.850	40 12314 01448 8
