K 1050 P

Portable and compact

Technical specifications	K 1050 P
Model	portable
Ord. no.	49.501
EAN Code	40 12314 12001 1
Operating pressure	130 bar / 13 MPa / 1880 PSI
Max. admissible overpressure	160 bar / 16 MPa / 2320 PSI
Water output	7.5 l/min (450 l/h)
Motor speed	2,800 rpm
Connected load	230 V, 9.6 A, 50 Hz
Power intake / Power output	2.2 kW / 1.65 kW
Weight	19 kg
Features & Equipment	Ord. no.
High-pressure hose NW 6	8 m (41.054 1)
Trigger gun with safety catch and quick release fitting	(12.475)
Flat jet stainless steel lance with brass quick release bayonet	(12.900-03)

K 1050 P (portable)

K 1050 TS

Mobile and comfortable

Technical specifications	K 1050 TS
Model	incl hose storage
Ord. no.	49.505 1
EAN Code	40 12314 12010 3
Operating pressure	130 bar / 13 MPa / 1880 PSI
Max. admissible overpressure	160 bar / 16 MPa / 2320 PSI
Water output	7.5 l/min (450 l/h)
Motor speed	2,800 rpm
Connected load	230 V, 9.6 A, 50 Hz
Power intake / Power output	2.2 kW / 1.65 kW
Weight	21 kg
Features & Equipment	Ord. no.
High-pressure hose NW 6	8 m (41.054 1)
Trigger gun with safety catch and quick release fitting	(12.475)
Dirtkiller lance with stainless steel pipe and brass quick release bayonet	(42.403-03)
Flat jet stainless steel lance with brass quick release bayonet	(12.900-03)

K 1050 TS (without hose drum)

K 1050 TS T

With hose drum

Technical specifications	K 1050 TS T
Model	with hose drum
Ord. no.	49.510 1
EAN Code	40 12314 12020 2
Operating pressure	130 bar / 13 MPa / 1880 PSI
Max. admissible overpressure	160 bar / 16 MPa / 2320 PSI
Water output	7.5 l/min (450 l/h)
Motor speed	2,800 rpm
Connected load	230 V, 9.6 A, 50 Hz
Power intake / Power output	2.2 kW / 1.65 kW
Weight with hose drum	24 kg
Features & Equipment	Ord. no.
Steel braided high-pressure hose NW 6	12 m (49.116)
Trigger gun with safety catch and quick release fitting	(12.475)
Dirtkiller lance, stainless steel pipe with rapid change system	(42.403-03)
Flat jet stainless steel lance with brass quick release bayonet	(12.900-03)

K 1050 TS T (with hose drum)

Practical and diverse

Accessories „light line“ for the K 1050 series

Round Cleaner UFO light, Ø 260 mm

- max. 10 l/min
- max. 160 bar (16 MPa)
- max. 40 °C
- Nozzle system 03

Ord. no. 41.870
EAN Code: 40 12314 01267 5

Rotating washing BRUSH light

- Brush head Ø 180 mm
- 210 mm extension (stainless steel)
- max. 15 l/min
- max. 20 bar
- max. 35 °C
- Nozzle system 2,5 mm

Ord. no. 12.800
EAN Code: 40 12314 01215 6

Lance extension light, 400 mm

Ord. no. 12.870
EAN Code: 40 12314 01165 4

Dirtkiller lance light, 400 mm

- Nozzle system 03

Ord. no. 42.403-03
EAN Code: 40 12314 03180 5

Pipe cleaning hose light, 10 m

- max. 10 l/min
- max. 160 bar (16 MPa)
- max. 40 °C
- Nozzle system 03

Ord. no. 12.850
EAN Code: 40 12314 01448 8

Foam injector light with container, 1 l

- Adjustable dosage (5 settings)
- max. volume flow 10 l/min
- max. 160 bar (16 MPa)
- max. 40 °C
- Nozzle size 1,25 as standard

Ord. no. 13.399 1
EAN Code: 40 12314 01789 2

A reliable, dependable high pressure cleaner for around your house, the car and your garden!

The new high pressure cleaners Kränzle K 1050 offer professional quality for all your pressure washing needs around your home and garden at a very competitive price.

For decades, the Kränzle brand has been regarded worldwide as the manufacturer of high quality products for professional applications.

Owing to a smart and innovative design Kränzle has been able to successfully integrate its professional quality in a compact and elegant housing design for domestic customers in a space and cost saving manner.

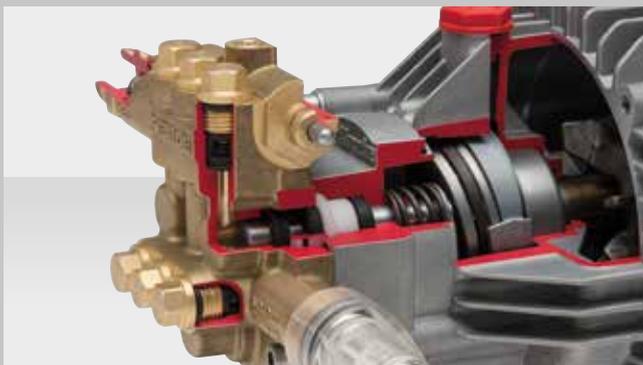

From the portable K 1050 P version to the mobile K 1050 TS T version with integrated hose drum, these machines offer you everything you would expect of a top quality product.

**Kränzle Product Family K 1050:
Professional quality at a very competitive price!**

High quality brass pump

Made from special forged brass with hardened stainless steel plungers, leakage return system and total stop start facility operated from the trigger gun.

Durable High Performance Motor

Kränzle only uses durable induction motors ensuring higher performance and extending the life of your pressure cleaner.

Smart Rapid Change System

New fast quick release fittings made of hardened stainless steel for more durable and secure connection between gun and lance.

Why pick a Kränzle?

High-pressure cleaners, industrial vacuum cleaners and hand powered sweepers – that is the world of Kränzle. Founded in 1974 the Kränzle enterprise has developed into a worldwide quality leader of high-pressure cleaners.

Our own research and development team is both the core and the motor of the Kränzle innovation strategy. Our experienced staff is constantly working on new solutions designed to offer users all over the world significant advantages in cleaning performance, safety and handling.

If you opt for the Kränzle brand, you will always receive sophisticated high-pressure cleaners with technical benefits that impress all around.

Many of these technical details are innovations originating from the Kränzle development and production facilities in Illertissen/Bavaria, Germany.

As a result, users profit from top quality Made in Germany, confident cleaning power and particularly long service life.

Storage System K 1050 P

Practical brackets for the gun, lance and cable.

Storage system K 1050 TS / TS T

Space saving on board storage for the gun and lances at the back of the machine.

HP hose drum K 1050 TS T

Integrated hose drum with folding rewind handle and 12 m rubber coated steel braided industrial quality high pressure hose.
