

KÄRCHER

makes a difference

THE RIGHT SOLUTION FOR EVERY APPLICATION

Complete solutions for professional building cleaning

EVERYTHING FROM A SINGLE SOURCE

Kärcher cleaning and care agents are just as versatile and powerful as the machines in which they are used – because they are specially developed for use with Kärcher cleaning machines. Only in this way can the performance of the system consisting of machine and cleaning agent be fully exploited.

As the world's leading provider of cleaning technology, we are continuously expanding our range of professional and high-quality manual cleaning tools. The current product range is modular and divided into the areas of wet cleaning, dry cleaning and glass cleaning.

INNOVATIVE CLEANING AND SYSTEM SOLUTIONS

How can potential be maximised and at the same time the environmental impact minimised? How can costs be reduced without compromising on power or quality? These are the questions to which Kärcher is seeking the best possible answers in collaboration with experts from various fields of technology and chemistry.

FLOORS

Dry cleaning

EQUIPMENT

Premium

Dust binding cloth neolinn BASIC

Oil-impregnated dust binding cloth for all smooth, resilient surfaces, as well as hard floor coverings.

Quantity 50 pieces | 60 x 30 cm | 3.337-999.0

DOSAGE

Cleaning machines which are equipped with our cleaning agent dosing system, Dose, impress with particularly comfortable handling for the user, because the slightly awkward dosing by hand is eliminated.

However, if dosing by hand is unavoidable, our dosing table below helps you to dispense the exact amount each time. This way you never waste cleaning agent, protect the environment and also save costs.

		RM CONCENTRATE (IN %)																
		Maintenance Cleaning				Deep Cleaning				Very Heavy Soiling						Coating Stripping		
		0.25%	0.50%	0.75%	1%	1.50%	2%	2.50%	3%	4%	5%	6%	7%	8%	9%	10%	15%	20%

SINNER'S CIRCLE

 Time  Chemicals (cleaning agent)  Mechanical effect  Temperature

As the world's leading manufacturer of cleaning machines, we pursued the path to becoming a system provider early on and today have expertise and technology that set standards.

Our experts analyse every type of dirt on all surfaces so that it can be professionally removed, picked up and disposed of. Right from the very start, the products that we develop are systematic in every sense of the word. And they are developed entirely at Kärcher.
