

Y-adapters

With Powersmar LED Technology

Furion Y-Adapters are engineered for durability in the harsh environments and constructed with heavy-duty. Designed for safety, the bright blue LED Powersmart™ voltage indicator provides real time power information. With a modern design and sleek appearance, Furion Y-adapters feature ergonomic, molded side grips to provide the boater with an easy, user-friendly connection, NEMA universal fit with other brands and are rated up to 600V, 105°C. Y-Adapters meet global industry standards, and Furion stands behind all shore-power products with a 5-year warranty.
