SOLAIRA MALIBU

MODERN TOWER HEATER

STYLISH CONTEMPORARY DESIGN | POWERFUL HEATING SOLUTION

The SOLAIRA MALIBU sets the benchmark in design with its minimal but elegant aesthetics combined with its solid and robust aluminium engineered construction.

It incorporates three heaters which offer up to 6kW of 360degree heat. The Malibu freestanding heaters are a flexible alternative to wall mounted models and offer much greater versatility in terms of where you require heat, especially in commercial restaurant settings.
