

## 36" Grill, Rotisserie and Charcoal, Natural Gas

Series 9

Stainless Steel | Natural gas

This Series 9 Built in 36" Grill is designed for premium outdoor kitchens and will take your outdoor cooking experience to the next level.

### DIMENSIONS

<b>Height</b>	<b>27 14 "</b>
<b>Width</b>	<b>35 1516 "</b>
<b>Depth</b>	<b>26 78 "</b>

### FEATURES & BENEFITS

#### Extra cooking area

More room when cooking for a crowd with a secondary cooking space that can fit a broiling pan for slow cooking, roasting, sauces, or to keep food warm after searing.

#### Intuitive lighting

Brilliant 12 volt lighting safely illuminates what you're cooking while emitting a welcome glow around the whole grill. Bezel lighting on dials glow white when the lights or grill are on, and orange when the gas and grill are working.

#### Charcoal smoker tray

Enjoy smoky barbecue flavor with the ease of instant gas flame ignition. Grill directly on the cooking grate or add wood chips for more smoke. A W-shaped tray with adjustable vents helps the charcoal last longer.

#### Heavy duty infrared rotisserie

An infrared rotisserie burner provides controlled searing heat up to 14,000BTU. The heavy-duty motor easily turns a 50lb load, ideal when cooking for a big crowd. The rotisserie rod is conveniently stored under the drip pan handle.

#### Easy lifting hood

With extra space under the hood for extra large food items, the hood can be smoothly opened, using one hand, to a full 90° for better access and visibility when cooking.

#### Storage for racks and tools

The 6" storage accessory extends your grill to fit a 42" or 54"

space. It bolts seamlessly onto either side of the grill to store racks, grates and tools. This accessory is sold separately.
