QUALITY  
AND  
SAFETY  
MADE IN  
GERMANY

## Trampoline – Games, Fun and Sport for everyone!

Eurotramp's Outdoor and Playground Trampolines with their rounded fall protection enable a safe entry and exit for wheelchair users.

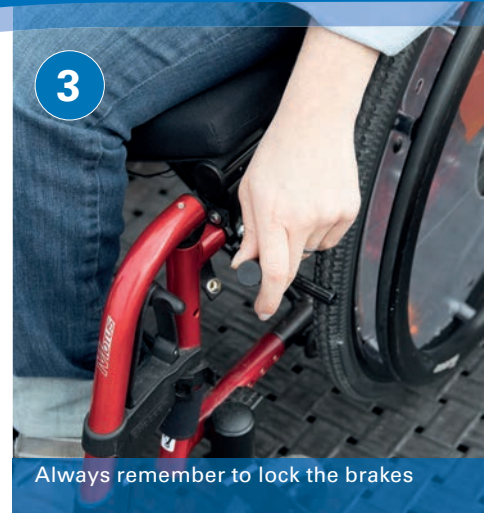

1

Eurotramp's rounded fall protection facilitates a safe entry and exit with an attendant

2

Always roll on in a tilted position

3

Always remember to lock the brakes

4

When jumping wear a safety belt and make sure it is tight

5

The attendant never stands on the jumping bed

Movement and reaction games can be easily enjoyed

Eurotramp outdoor- and playground trampolines motivate children to explore the springy surface actively and imaginatively. In addition to stimulation and training of their basic motor functions, social and cognitive skills are also advanced.

Eurotramp KidsTramp Trampolines were rated 'besonders entwicklungsfördernd', that means 'conducive to development' by the German Working Group for the Promotion of Posture and Movement.

Approved and accepted by TÜV product service according to the playground standard DIN EN 1176
