

# Varjo Rug

“The idea was to create a geometric rug with multiple layers and dimensions. I wanted to give the first layer an easy understandable language and balanced color scheme. When you go one layer deeper a dynamic herringbone pattern arises and brings a new dimension and a surprising twist to the rug. Varjo is Finnish for shadow, which translates to the shadow effects that are created between the layers, as the darkest color block almost rises above the others, creating a three-dimensional expression.”
