

The 7 series therm sets new standards for industrial and commercial cleaning

Manufacturers and suppliers to the specialist trade since 1974

Professional, Robust and Powerful.

For demanding, daily cleaning you need a particularly robust and high performance hot water pressure washer. The Kränzle therm 715 and 1017 set new standards in this respect through proven technology, design and build quality.

So why compromise ?

- All terrain chassis, large wheels with wide rubber tyres.
- Easy to operate parking brake.
- Fully adjustable pressure.
- Adjustable temperature with safety exhaust temperature monitoring.
- Sturdy Trigger Gun with quick release fittings.
- 1100mm stainless steel lance.
- Storage bracket for Gun and Lance.
- Energy saving stand by mode after short delay.
- Safety power off after period of non use.
- Safety pressure and water flow monitoring.
- Pre-ventilation of heating chamber for cleaner burn.
- Optical flame monitoring.
- Low fuel cut off.
- High pressure detergent facility.

The 7 series thermos are a special Limited Edition machine only available through specialist dealers.

therm 1017 / therm 715
with built in 20M Hose Reel

therm 1017 / therm 715
with standard 10m Hose

Technical Data

	therm 1017	therm 715
Part No. without Hose Reel	41470	41471
Part No. with Hose Reel	414701	414711
Adjustable Working Pressure	30 – 150 Bar	30 – 120 Bar
Maximum Permissible Pressure	170 Bar	150 Bar
Water Flow	16 L/min	11 L/min
Adjustable Hot Water Output (inlet 12°C)	12 – 80°C	12 – 80°C
Steam Stage (30 Bar)	Max. 140°C	Max. 140°C
Heating Capacity	68 kW	55 kW
Fuel Tank Capacity	30 L	30 L
Motor Speed	1400 rpm	1400 rpm
Connecting Load	415V, 3Ph, 50Hz, 8A	230V, 1Ph, 50Hz, 13A
Power Intake / Power Output	5.5 kW / 4.0 kW	3.2 kW / 2.2 kW
Weight with Hose Reel	212 kg	200 kg

Standard Equipment

Steel Braided High Pressure Hose (10M) With Swivel M22 Coupling	44878	44878
Steel Braided High Pressure Hose (20M) With Swivel M22 Coupling for Hose Reel	44877	44877
Heavy Duty Starlet Trigger Gun With Quick Release Fitting	123272	123272
1100mm Q/R Stainless Steel Lance With Flat Jet Nozzle	12420-D2506	12420-M20042

Optional Equipment

1100mm Q/R Stainless Steel Lance With DirtKiller Nozzle (Max 70°C)	12425-07	12425-042
1100mm Q/R Stainless Steel Lance With TurboKiller Nozzle (Max 80°C)	12430-07	12430-045
Water Inlet Filter	133003	133003
