

The image shows a dimly lit, industrial-style interior. In the center is a rustic wooden bar with a dark metal band across its front. Two metal bar stools with wooden seats are positioned in front of the bar. To the left, a long wooden wall is covered with numerous pendant lights of various shapes and sizes, some with brass-colored shades and others with clear glass. The ceiling is dark, and several large, black, dome-shaped pendant lights hang from it. The overall atmosphere is warm and modern, with a focus on industrial design elements.

Price List

INDUSTVILLE

Industville specialise in the design and manufacture of vintage industrial inspired lighting and furniture. They pride themselves on offering high quality, design led products, available in large numbers without the high cost and time-constraints of searching for originals.
