Drift Pendant

Six swells of sustainable, steam bent oak or walnut wood rise up and flow in undulating grace to create the Drift Pendant. Interwoven and underpinned by brass rivets to a striking central structure of seasoned plywood, each hand crafted timber wave bends to mesmerise and delight. Casting shadows that seamlessly float and settle in buoyant tranquillity, the Drift Pendant creates a light show that disperses softly; rippling, cresting and breaking around the room, then pooling in tidal calm.

Step into the wave, invigorate your interiors.
