

KEEL PENDANT

Product Specification

Tom Raffield

Born in the barrel of a waking wave, the Comber Lighting Range is shaped by the reverberating tides that lap the Cornish coastline. Inspired by the power and grace of the Atlantic Ocean, our newest collection ebbs, flows and rolls into your home, bringing with it the motion of seasonal Cornish swells.

Taking inspiration from the natural, spiralling forms found along our Atlantic tide lines, the Keel Pendant is a striking display of confident, modern design. Made from one isolated section, a wide piece of oak or walnut timber is arched by hand into a choreographed formation. Producing funnels of diffused downlight, this tapered wooden lampshade will bring warmth as bedside lights, function in space-saving hallways, and create drama over kitchen islands.

Step into the wave, invigorate your interiors.
