

# URCHIN PENDANT RANGE – TRIO CLUSTER LARGE

Tom Raffield

## Product Specification

A trio of pendants from our iconic Urchin Lighting Range gracefully cascade to create pools of brightness in the dark. Streams of light escape through the seams of ninety-six lengths of fused ash, oak or walnut wood producing beams of delicate, eye catching warmth. Designed to ensure that the light bulb inside is completely concealed behind curving wooden petals, our Urchin Pendants create a dynamic cluster ceiling light that suits those who prefer soft, ambient light.

As with all our Cluster Lights, the adjustable flex height and customisable positioning ensures they are suitable for any ceiling height. The Urchin Pendant Range - Trio Cluster Large promises to bring atmosphere in abundance and brighten any room.

Our signature pendant lights, your way!
