Player 1

Player 2

Player 3

Player 4

You will need:

- 1) Print out of the above board game
- 2) Print out and cut out the above counters - Two per player (one to move around the board and one to place on pictures on the inner board)
- 3) Dice
- 4) Up to 4 players

How to Play:

Every player must roll the dice and the one with the highest roll goes first and then the player to their left goes next.

Players will take turns to roll the dice and move their first counter around the outer board.

Each time a player lands on a 'sound' square they must say that sound aloud and then place their second counter on a picture from the inner board that contains the same sound.

The first player to make it around the whole board wins.

Enjoy!
