

Fiber Bar Stool

Tube Base - 75 cm / 29.5"

“Fiber Bar Stool is the elevated extension to the Fiber Chair family. Retaining the essence of the Fiber series—a clear sculptural language that refuses to compromise on comfort—the bar stool is a versatile and conforming companion for any setting. We wanted to create a harmonious and friendly piece with soft shapes that would fit a café setting as much as a bar or kitchen counter. The stool’s seat is made from a wood fiber composite, giving the design a unique expression and tactile texture.”

Description

The Fiber Chair brings a new perspective to the iconic shell chair through its innovative composite of wood fibers and 100% recycled plastic. The wood fibers blend into the surface for a matte finish, adding a soft, inviting touch. The Fiber Chair is designed with friendly, embracing curves that provide extensive comfort to its user while taking up little space in the room.

Fiber Bar Stool

Tube Base - 75 cm / 29.5"

Material

Shell - Without Upholstery:

The shell is made using 100% recycled plastic reinforced with strength-improving additives and mixed with up to 25% FSC™- certified (FSC-C028824) wood fibers. The recycled plastic comes from post-industrial waste. Due to the shell's partly natural material, slight color variations can occur.

Shell – Upholstered Variants:

The shell is made using 100% recycled plastic reinforced with strength-improving additives and mixed with up to 25% wood fibers. The recycled plastic comes from post-industrial waste. Shell can be upholstered with textile, imitation leather, or leather. Leather from selected premium leather suppliers.

Shell – Front upholstered variants:

The shell is made using 100% recycled plastic reinforced with strength-improving additives and mixed with up to 25% wood fibers. The recycled plastic comes from post-industrial waste. Due to the partly natural material of the shell, slight color variations can occur. The shell can be front upholstered with textile, imitation leather, or leather, which is from selected premium leather suppliers.

Base:

Tube base in powder coated steel.

Please note that the Fiber Chair with recycled plastic will be available in North America during 2024.

Therefore, the North American versions are not EU Ecolabel Certified.

Cleaning & Care

Textile:

For textile upholstered versions: In case of stains, we generally recommend removing non-greasy stains by carefully dabbing with a lint-free cloth or sponge wrung out in clean warm water. If necessary, clean by dabbing with soapy water made with a little dish soap. Finally, dab the surface with clean water. We highly recommend that you go to [kvadrat.dk](https://www.kvadrat.dk) for further cleaning and maintenance instructions for your chosen textile, as the cleaning methods may vary from one textile to another.

Imitation Leather:

Clean with lukewarm PH-neutral soapy water and a soft cloth or soft brush. Do not use solvents or chemical cleaners, but cleaning can be done with alcohol-based cleaners. Finally, wipe with a damp cloth afterwards.

Leather:

As a natural material, leather requires looking after. If you care for the leather in the right way, it will become even more beautiful over time.

Refine Leather, Easy Leather and Endure Leather: Clean leather with a dry cloth regularly. treat the leather at least four times a year using only special leather treatment products. Visit [ca-mo.com](https://www.ca-mo.com) further information on cleaning leather.

Allure and Grace Leather: Only vacuum clean with a soft brush. Never use soap or water otherwise the velvety look and feel will disappear. Do not apply leather grease or soak the leather. Avoid any chemical products, such as saddle soap, leather cleaners or household products.

Base:

Clean with a moist cloth. If necessary, use a little dish soap on the cloth.

Fiber Bar Stool

Tube Base - 75 cm / 29.5"

Spare Parts

Pre-mounted plastic glides included. Felt and plastic glides can be purchased separately.

Spare parts are available throughout the warranty period from the date of purchase of the product.
