

snazaroo™

The world's favourite face and body paint

Soldiers are a favourite choice for boys, and are the perfect option for adventurous outdoor games.

Using Light Grey paint and a brush, begin the first layer of the camouflage pattern by brushing paint on the forehead above the right eye and on both cheeks.

Then with Grass Green paint, put on the second layer of camouflage. Make sure all colours are well spaced out - try applying to the right side of the face, across the chin, around the left eye and on the forehead.

Using Light Brown paint, apply patches of colour to the centre of the face and across the left cheek. Finally, fill in any gaps using the Black paint.
