The world's favourite face and body paint

Easter is every chocolate-lovers favourite celebration - and the best time to be a beautiful bunny!

Using a damp sponge, apply White paint on the top part of the face from the top lip up to the eyes, and draw ear shapes onto the forehead. Paint a white patch in the centre of the lower lip.

With Bright Pink paint and the edge of the sponge, dab on some patches of colour on the outer edge of the cheeks and ears, and on the end of the nose, blending carefully into the White paint. Paint the remainder of the lower lip, using the brush.

Using Black paint and the brush, draw crease lines at the top of the nose and the corner of the eyes. Paint a centre line down the top lip, adding dots & whiskers. Paint the top lip and add a line on the bottom lip to create 2 teeth. Draw a heart outline on the end of the nose.
