The world's favourite face and body paint

Every child can sometimes be a “little monster” - so let them get into character with this fantastic creation!

Using a damp sponge and Grass Green paint, create the shape of a monster's head on the face, from the forehead to the top lip.

With White paint and the brush, draw the horns on the forehead and add the teeth on the outer edges of the cheeks and mouth.

Using Black paint and the brush, outline the whole design. Add character lines across the cheeks & large nostrils on the end of the nose.
