Assembly instructions HL6700R

- 1 Mount the clamp securely to handlebars, using shims as needed.

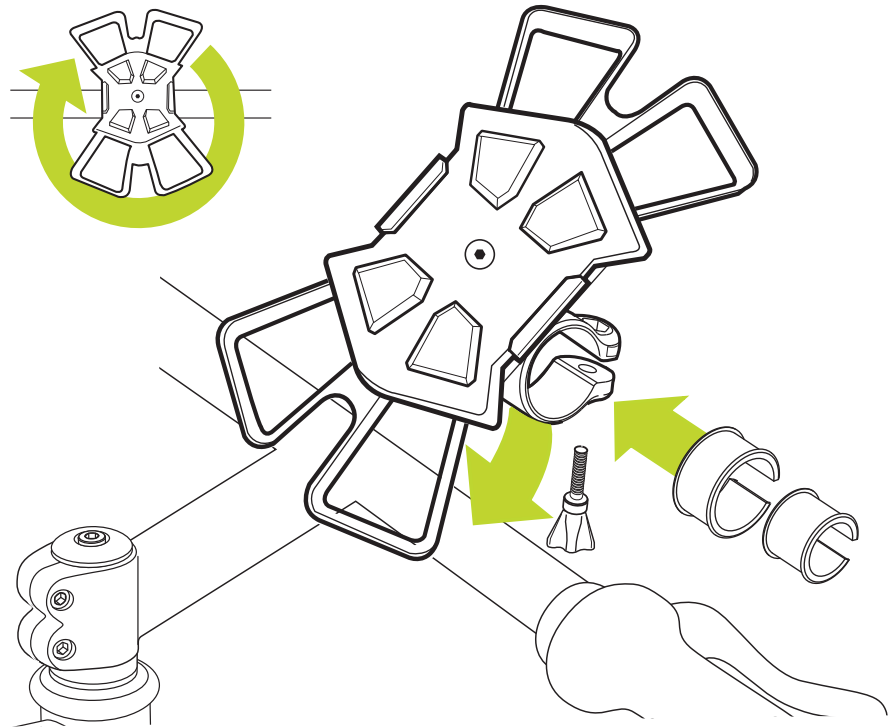

IMPORTANT SAFETY NOTE

Do not attach clamp to any tapered section of your handlebar.

- 2 Rotate in desired position.

Tool Required

Phillips Head Screwdriver

WARNING

Using phone device while riding can cause accidents resulting in serious injury.

Important: Nuts and bolts can loosen over time, resulting in serious danger should the item fall off while in motion. Check frequently to ensure all bolts are properly tightened. Ensure the device fits snugly in the holder before riding. Not for off-road use.
