Product care

GENERAL INSTRUCTIONS

This document contains important information and must be kept for future reference.

Please read thoroughly before commencing use as incorrect use can be dangerous.

Please register your product purchase through our online warranty registration by visiting: www.philandteds.com/register

★ This vehicle is intended for children from **6 months up to a maximum weight of 15kg/33lbs.**

★ Maximum height - **100cm/39.4"**

CLEANING & CARING

Check the sub4™ for cuts & bruises. If your product is damaged in any way, or you're not sure how to use it, please consult our web support (www.philandteds.com/support) from where you can access a local customer care team.

Caring for sub4™

Unlike children, your sub4™ likes to stay clean.

- Brush dirt off the frame and wheels regularly.
- Clean with a non-abrasive household cleaner and a soft cloth.
- Wash off sand and salt after visiting the beach.
- Always dry the frame if wet.
- Fabrics can be sponge cleaned with warm water, using a mild natural soap.
- Do not use detergents or bleach.
- Store in a well ventilated space, away from direct sunlight (which can harm and fade fabric), and moisture.
- Take care to avoid damage to the foam rubber, which is not covered under warranty.
- Improper care will void any warranties. Do not use the sub4™ if deterioration is detected or suspected.

IMPORTANT

- Always load/unload your children on level ground.
- Ensure the brake is engaged during the loading and unloading of children.
- Care should be taken if the stroller is used on stairs or escalators.
- Always use the safety strap.
- Excessive wear can reduce effectiveness and safety. Parts may need lubrication. Inspect essential components for:
Fraying - especially webbing straps and safety harness.

Wear - locks, snap fasteners, tyres, plastic and moving parts.

Safety - locks must not be loose.

IMPORTANT

Tyres & Tubes

- The valve is car-size. Manually inflate to 40psi max. Releasing air delivers a softer ride, but lower pressure reduces tread life.
- New inner tubes and tyres are generally available from your dealer, cycle or specialist wheel shops. Standard tyre kits can repair punctures.
- A flat tyre can result from grit holding the valve open. To check: inflate tyre, deflate rapidly, and re-inflate.
- Tyres and tubes are not covered under warranty. Do not over inflate. Tyre pressure is affected by heat especially when inside parked cars.

For rights & remedies, refer www.philandteds.com/warranty

SUB4™

Safety Warnings

The sub4™ complies with requirements applicable in market of sale, refer www.philandted.com/certification

WARNINGS

Australia / New Zealand Safety Standard states:

To avoid injury or death:

- Always apply the brakes whenever the stroller is stationary.
- Do not leave children unattended.
- Secure the child in the harness at all times.
- Do not carry extra children or bags on this stroller.
- Make sure children are clear of any moving parts if you adjust the stroller.
- Use the harness at all times.
- When not in use disconnect shoulder straps from the waist buckle or strap as harness can form loops that can lead to strangulation.
- It is unsafe to use accessories other than those approved by the vehicle's manufacturer.

- Care should be taken if the stroller is used on stairs or escalators.
- The stroller should not be used near an open fire or exposed flame.
- This vehicle is intended for children up to a maximum weight of 15kg/33lbs.
- This seat unit is not suitable for children under 6 months.
- Do not place more than 3kg/6.5lbs in the jet pack.

WARNINGS

European Safety Guidelines state:

Read the instructions carefully before use and keep them for future reference. Your child's safety may be affected if you do not follow these instructions.

- This vehicle is intended for children from 6 months up to 3 years, or to a maximum weight of 15kg/33lbs.
- It may be dangerous to leave your child

unattended.

- The stroller shall only be used for a maximum of 1 child.
- Accessories or replacement parts that are not approved by the manufacturer or distributor should not be used.
- Any load attached to the handle affects the stability of the stroller.
- Always use the crotch strap in combination with the waist belt.
- Check that the stroller body or seat unit attachment devices are correctly engaged before use.
- Ensure that all locking devices (handles & wheels) are engaged before use.
- Use a harness as soon as your child can sit unaided.
- Do not place more than 3kg/6.5lbs in the jet pack.
- The parking device should be engaged during the loading and unloading of children.
- This seat unit is not suitable for children under 6 months.

WARNINGS

American Safety Guidelines state:

- Never leave your child unattended in the stroller.
- Always use the safety harness to avoid serious injury from falling or sliding out.
- To prevent the stroller from becoming unstable, do not place parcels or accessory items anywhere except in the storage pockets provided. Do not hang items such as shopping bags from the frame.
- Excessive weight may cause a hazardous unstable condition to exist.
- The vehicle is intended for a maximum weight of 15kg/33lbs.
- Do not place more than 3kg/6.5lbs in the jet pack.
