

The Slice is an elegant pendant using a geometric form to create a stunning feature piece. With three configurations available; a linear pendant, a tri pendant or a cross pendant. Containing a high quality LED light source with an opal diffuser, the Slice has a range of LED outputs and colour temperature options.

The Slice is manufactured in New Zealand making this pendant a modern, kiwi-made alternative for residential or commercial spaces. With the aluminium available in continuous lengths up to 4m, this pendant can be custom-made to the size required as well as being able to custom colour.
