The Embassy Chair conveys a classic, mid-century style with tailored proportions and refined details. It features a button-tufted, tight back design with piping details throughout, and seat cushions filled with a luxurious feather blend. The frame is supported by a recessed, solid-wood base. Available in three vintage leathers, chosen for their unique grain characteristics that will age beautifully and develop a rich, natural patina over time. Also available as a sofa. Our leather hides are carefully selected for their raw, natural surface characteristics which make each piece unique.
