

Lightweight cut resistant foam nitrile palm coated glove with reinforced palm

The 045 is one of the thinnest, lightest ANSI cut level A6 gloves on the market. The fine 15-gauge breathable shell has a form fitting, ergonomic shape making the glove feel incredibly light and comfortable.

A breathable nitrile foam palm coating provides good grip in both dry and oily environments, while retaining a high degree of tactility and touch sensitivity.

When you need higher abrasion, extra cut protection, anti-vibe, the 045NBR-LFP1 is the go-to glove

The 045 is ideal for small assembly and handling of small parts.

The glove is also antistatic and touch screen compatible.

Product Specifications

Product Name	TTP
Product Codes	045NBR / 045MF 045NBR-LFP1 (USA Mod)
Sizes	6 (XS) – 13(4XL)
Glove Base	Tilsatec – RhinoYarn®
Construction	Seamless Knit
Glove Coating	Foam Nitrile
Cuff/Wrist	Knit Wrist
Origin	Malaysia

Packaging

Case Quantity	144 pairs per case
Internal Packaging	12 pair per poly bag
