

NATURALYS GRENACHE ROSÉ

IGP Pays d'Oc

Act for planet

Winemaker's note

Driven by a life-long passion for the beautiful wine-growing landscapes of the South of France, Gérard Bertrand's Naturalys collection is a range of wines produced entirely from Organic grapes. Gérard Bertrand's commitment to sustainable farming has been recognized with ECOCERT certification, guaranteeing Organic production, environmentally-friendly packaging (labels made from recycled paper, untreated cardboard, low-environmental impact corks), and a low carbon footprint thanks to the proximity of the production and distribution sites. Naturalys range is above all a collection of premium wines, designed to ensure maximum pleasure while reflecting the distinctive character of the grape varieties and their terroir.

Winegrower's note

The fruit is pressed in a pneumatic pressing machine as soon as it arrives at the winery, to extract just the right amount of colour from the grapes. The must is cold settled and then transferred to temperature-controlled stainless steel vats for alcoholic fermentation, in order to reveal the fruit's full potential. The wine is left to age in the temperature-controlled vats, and then bottled relatively early in order to preserve its fresh, fruity character.

Tasting notes

Beautiful pale pink dress, slightly salmon. Complex nose with notes of red berries.

This wine is fresh, greedy and has a beautiful aromatic finish.

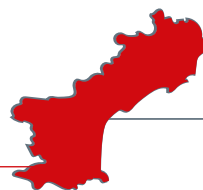

Grape varieties

Grenache

Best served at 12°C, as an aperitif or accompanying salads, grilled meats and classic Mediterranean dishes.
