

NATURALYS SAUVIGNON BLANC

IGP Pays d'Oc

Act for planet

Winemaker's note

Driven by a life-long passion for the beautiful wine-growing landscapes of the South of France, Gérard Bertrand's Naturalys collection is a range of wines produced entirely from Organic grapes. Gérard Bertrand's commitment to sustainable farming has been recognized with ECOCERT certification, guaranteeing Organic production, environmentally-friendly packaging (labels made from recycled paper, untreated cardboard, low-environmental impact corks), and a low carbon footprint thanks to the proximity of the production and distribution sites. Naturalys range is above all a collection of premium wines, designed to ensure maximum pleasure while reflecting the distinctive character of the grape varieties and their terroir.

Winegrower's note

The grapes are harvested at night, and pressed immediately. This particular variety of grape requires a lot of care during the winemaking process. Because of its high sensitivity to oxidation, all processes are therefore carried out in a neutral atmosphere. After 48h of static cold settling, the must is vinified in the stainless steel vats at reduced temperatures to preserve the fresh, fruity flavours and rich aromatic profile. The wine is gently fined and then bottled relatively early, to preserve its natural vivacity.

Tasting notes

This wine has a straw-yellow colour with bright reflections and develops fine aromas of citrus fruit (lemon and grapefruit) and yellow fruit on the nose. The rather fine and pure palate is well balanced and well defined. Fresh and full-bodied on the palate, the palate is in harmony with the citrus fruit aromas revealed on the nose, which are accompanied by slight hints of menthol. Balanced, elegant, fine and round, the lingering finish evolves towards notes of fresh fruit and flowers.

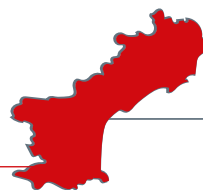

Best served at 12°C as an aperitif, or paired with shellfish and seafood, grilled fish, fish in sauce or even goat's cheese.
