Package Contents

- 1 x Double-Wall Electric Kettle
- 1 x Power Base
- 1 x User Manual

Specifications

Power Supply	AC 120V, 60Hz
Rated Power	1500W
Capacity	1.8 qt / 1.7 L
Dimensions	8.3 x 9.4 x 6.3 in / 21.1 x 23.9 x 16 cm
Weight	2.4 lb / 1.1 kg

IMPORTANT SAFEGUARDS

Always follow basic safety precautions when using your kettle.
Read all instructions.

CAUTION!

- **Do not** touch hot surfaces. Use handle. **Do not** touch the base or metal walls of the kettle during or immediately after operation.
- **Do not** fill the kettle above the “MAX” line. This may cause water to boil over and may cause scalding.
- **Always** handle with care when there is hot water inside the kettle to avoid scalding.

- Closely supervise children near the kettle. **Do not** allow children to use or play with this kettle.
- **Do not** immerse the kettle, base, cord, or plug in water or other liquids.
- Unplug the kettle when it is not being used and before cleaning. This will avoid electric shock and prevent moisture from causing a short circuit in the power base while it is plugged in.
- Allow to cool before putting on or taking off parts, and before cleaning.
- **Do not** use the kettle if it is malfunctioning, or if the kettle, base, power cord or plug is damaged in any way. **Do not** try to repair the kettle. Contact **Customer Support** (see page 12).
- Using accessory attachments not recommended by the manufacturer may result in fire, electric shock, or injury.
- **Do not** use outdoors.
- Place the kettle on a dry, flat surface. **Do not** place the kettle on or near heat sources such as stovetops, ovens, radiators, etc.
- **Do not** turn on the kettle while the lid is open.

- **Always** make sure the lid is closed while the kettle is operating. **Do not** cover the spout opening while the kettle is operating. **Do not** cover the slits near the **On/Off Switch**.
- To disconnect, use the **On/Off Switch** to turn the kettle off, then remove the plug from the outlet.
- **Only** use the kettle as directed in this manual.
- Household use **only**.

SAVE THESE INSTRUCTIONS

Plug & Cord

- **Do not** let the cord (or any extension cord) hang over the edge of a table or counter. **Do not** allow the cord to touch hot surfaces.
- Your kettle has a polarized plug (one prong is wider than the other), which fits into a polarized outlet only one way. This is a safety feature to reduce the risk of electric shock. If the plug does not fit, reverse the plug. If it still does not fit, **do not** use the plug in that outlet. **Do not** bypass this safety feature.
- This kettle uses a short power-supply cord to reduce the risk of entangling or tripping. Use extension cords with care.
- The marked electrical rating of an extension cord should be at least as high as the rating of the kettle (see page 3).

GETTING TO KNOW YOUR KETTLE

- A. Lid
- B. Lid Release Button
- C. Spout
- D. Kettle
- E. Power Base
- F. Handle
- G. On/Off Switch
- H. Indicator Light

BEFORE FIRST USE

Water Test

⚠ CAUTION!

Do not use the kettle if it is damaged. Contact **Customer Support** to replace your kettle (see page 12).

Perform the Water Test before using your kettle to make sure it's working properly. **Do not** drink the water that is boiled during this initial test.

1. Remove all parts from the package and carefully inspect each part.
2. Completely unravel the power cable and place the power base on a flat, level surface.
3. Press the **Lid Release Button** to open the lid. [Figure 1.1]
4. Fill the kettle with water to the **"MAX"** line, then close the lid. [Figure 1.2]
Place the kettle onto the power base. Plug in.
5. Press the **On/Off Switch**. The blue indicator light will turn on. [Figure 1.3]
6. The kettle will automatically turn off once it has finished boiling the water. Allow it to cool for at least 5 minutes, then pour out the water.

Figure 1.2

Figure 1.3

USING YOUR KETTLE

Boiling Water

Do not boil other liquids in this kettle. This kettle should **only** be used for boiling water.

1. Press the **Lid Release Button** to open the lid.
2. Fill the kettle to the desired level.
Do not fill above the “**MAX**” line. [Figure 2.1]
3. Close the lid and place the kettle onto the power base. Plug in. [Figure 2.2]
4. Press the **On/Off Switch**. The blue indicator light will turn on. [Figure 2.3]
5. The kettle will automatically turn off once it has finished boiling the water.

Note:

- The minimum amount of water needed for boiling is 2.1 US cups / 0.5 L.
- You can stop the heating process by flipping the **On/Off Switch** back up while the kettle is operating.
- This kettle has a dry-run safety feature. If there is no water inside the kettle, it will automatically turn off to prevent the heating plate from overheating.
- If the kettle overheats, fill it with cold water and wait for 2 minutes before using again.

CARE AND MAINTENANCE

Cleaning

1. Unplug the kettle and allow it to cool before cleaning.
2. Wipe the kettle and base with a soft, damp cloth. Make sure that the electric socket on the underside of the kettle is kept dry.
3. Dry all parts after every use.

Note: **Never** immerse kettle or power base in water.

Descaling the Kettle

You should descale the kettle at least once a week if you use it frequently. Descaling removes any mineral deposits that have built up inside the kettle. **Always** descale the kettle before and after storing for long periods of time.

1. Unplug the kettle and pour out all water. Make sure the kettle is cool.
2. Squeeze half a lemon into the kettle, or add ½ US cup / 118 mL of distilled vinegar into the kettle.
3. If the kettle has thick scale buildup, scrub the kettle's inner walls with a non-scratch scrub sponge.

Note: **Do not** use steel wool, as this can scratch the kettle.

4. Add 2 US cups / 473 mL of water. Boil the mixture.
5. Pour out the mixture, then wipe off any remaining scale with a non-abrasive cloth, sponge, or cleaning brush.
6. Repeat as needed.

Note: For quick descaling, add 3 US tbsp / 44 mL of baking soda to ½ US cup / 118 mL of vinegar into the kettle. Swirl the mixture around until it coats the walls of the kettle, wipe with a non-scratch sponge, and pour the mixture out. This method will **only** work for a thin layer of scale.

WARRANTY INFORMATION

Product	Original Double-Wall Electric Kettle
Model	CO172-EK
Default Warranty Period	1 year

TERMS & POLICY

Arovast Corporation warrants all products to be of the highest quality in material, craftsmanship, and service, effective from the date of purchase to the end of the warranty period.

Arovast Corporation will replace any product found to be defective due to manufacturer flaws based on eligibility. Refunds are available within the first 30 days of purchase. Refunds are only available to the original purchaser of the product. This warranty extends only to personal use and does not extend to any product that has been used for commercial, rental, or any other use for which the product is not intended. There are no warranties other than the warranties expressly set forth with each product.

This warranty is non-transferrable. Arovast Corporation is not responsible in any way for any damages, losses, or inconveniences caused by equipment failure or by user negligence, abuse, or use noncompliant with the user manual or any additional safety or use warnings included in the product packaging and manual.

This warranty does not apply to the following:

- Damage due to abuse, accident, alteration, misuse, tampering, or vandalism.
- Improper or inadequate maintenance.
- Damage in return transit.
- Unsupervised use by children under 18 years of age.

Arovast Corporation and its subsidiaries assume no liability for damage caused by the use of the product other than for its intended use or as instructed in the user manual. Some states do not allow this exclusion or limitation of incidental or consequential losses so the foregoing disclaimer may not apply to you. This warranty gives you specific legal rights and you may also have other rights which may vary from state to state.

ALL EXPRESSED AND IMPLIED WARRANTIES, INCLUDING THE WARRANTY OF MERCHANTABILITY, ARE LIMITED TO THE PERIOD OF THE LIMITED WARRANTY.

Extend Your Warranty by 1 Year

Register your product at www.cosori.com/warranty to extend your 1-year warranty by an additional year.

Please fill out all required fields and include your order ID, place of purchase, and purchase date, if applicable.

Defective Products & Returns

If you discover your product is defective within the specified warranty period, please contact Customer Support via support@cosori.com with a copy of your invoice and order ID. **DO NOT** dispose of your product before contacting us. Once our Customer Support Team has approved your request, please return the product with a copy of the invoice and order ID.

CUSTOMER SUPPORT

If you have any questions or concerns about your new product, please contact our helpful Customer Support Team.
