Parliament
Stone

The Flipside Sofabed's unique design allows it to effortlessly convert from a stylish, modern sofa to a Queen size bed with one quick flip. Loosely arranged back cushions add to the relaxed aesthetic and provide sink-in comfort with luxurious, synthetic-down fill. Flipside features a removable, pre-shrunk, machine-washable cotton top sheet which fastens securely to the bed. The frame is constructed with kiln-dried hardwood.

Design Trade Professionals: We aim to keep our designs in stock and ready to ship quickly for projects on a tight timeline. Designs may be customized with COM and alternate finishes (minimum quantities may apply). Visit guscontract.com for more information about our Trade & Contract programs.

Flipside Sofabed

- Easy-pull fabric handles are hidden on inside of seat cushion to allow simple conversion between sofa and bed.
- Recommended for occasional use only.
- Back cushions use synthetic-down fill.
- Cushion fill is Dacron -wrapped for a structured look.
- Solid wood block feet are dark Wenge finish.
- Bumpers on the bottom of feet to protect hardwood floors.
- Manufactured to meet California TB117-2013 fire safety standards without the use of flame retardant additives in the upholstery foam.
